

The city could do no better thing for the people than to require universal use of the sewer system as a health measure. The recent expenditure of \$14,000 for extension as well as the original investment in the system impresses all that its full effect will not be realized unless the laws are enforced. The city council should require immediate compliance with the ordinances in this respect.

Considerable interest will attach to the announced plans of the civic improvement committee of the Commercial Club to work for a better lighted town. The plan is to induce the business men to take an interest in lighting their store fronts well thereby increasing the good appearance of the downtown district. What the city needs is a good street lighting system on the order of the White Way and "Our Town" editor believes the city will get a white way if the commercial club and other interests will line up for the project and co-operate toward attaining it.

Make your arrangements to shop early this year. General improvement in business conditions indicate that the heaviest buying in recent years will be the experience of merchants this year. Town people especially should take advantage of the opportunity to shop early and on those days when the country people are not in town in large numbers. The Cameron merchants this year are showing the biggest stocks of Christmas goods in the history of the town. Hundreds will come for miles to do their shopping here because of the stocks carried and the strain is going to be heavy on the clerks. Shop early and be over with the task of selecting presents before the big rush begins.

Street paving is the biggest and most important public improvement in the history of the town. The city council needs the co-operation of everyone in this matter and feels that it will have the sympathy of all the people in this vital public improvement. The original bid for paving thirty-three blocks indicates the beginning only and all are confident that the paving will be extended to many important sections of the city before the program is completed. The city will lay such a type of paving as will prove lasting and economically good as to maintenance costs. The street paving project means the beginning of a merger with city aspirations for the old town and with all pulling together great things can be done for the city.

But sixty days now remain until Christmas and soon our thoughts will turn to holly and to happiness, good cheer and joyous, recurring blessings of Him whom the angels proclaimed in the still night of the Judean hills nineteen hundred and twenty-three years ago. Jesus was a baby then. Now he is King. As "Our Town" editor writes, these lines he wonders if they will be read and put aside or if indeed the folks will remember that Christmas time is the time of cheer and within our midst we have with us always the poor. From now until Christmas, the Herald will receive contributions for the Christmas cheer fund for the poor of our city. Jesus went about doing good and always his sympathy was with the poor and distressed. Let it not be said that there passed a Christmas day in Cameron with any child neglected. You who have children remember that when on Christmas eve all is still and the stars look down as they did long ago when night fell upon the Judean hills that on the morrow as they wake with glad hearts, others will crowd around cheerless hearthstones and in grief that only a child heart can know will ask through their tears why Santa Claus has forgotten them. Enroll today in the Christmas cheer fund by sending in a liberal donation to be distributed through the medium of the Associated Charities.

The City Council cannot in justice to Cameron overlook the very decided need for more fire fighting equipment. The big LaFrance motor should be replaced with a first rate machine of the Seagrave or LaFrance type and the present motor taken to a sub station. Sooner or later two fires will break out at the same time and with only one motor the firemen will be so handicapped that great loss of property may ensue. Let us be prepared for any emergency. The firemen of Cameron giving their time to the department and receiving no pay deserve better equipment with which to fight fire in Cameron.

VOLUME 46.

BEARD CASE GOES TO JURY THURSDAY NIGHT

MEEKS GIRL KILLS LOVER AND ENDS HER OWN LIFE

SWEETHEART QUARREL IS BASIS OF DOUBLE KILLING

GIRL TURNS PISTOL ON SELF AFTER LOVER IS SHOT TO DEATH.

A double tragedy in which Miss Hildreth Schulte and her sweetheart, Carl Pretter, were killed, was reported to the Sheriff's department here this morning from Meeks a small community in the corners of Bell, Milam and Falls counties.

Sheriff Drue S. Rogers was informed of the shooting at eleven o'clock Wednesday night and said that Miss Schulte killed her lover and then turning the pistol on herself snuffed out her own life.

The killing occurred in the home of the girl, the young man having called at her home last night. So far no reason is assigned for the double killing but the sheriff's department is of the opinion that the shooting occurred after a lover's quarrel.

Officers in Bell county were also notified of the killing and went to the home of the girl to make investigation. Both bodies are thought to have been found by members of the household who rushed in after hearing the shots.

Cameron officers did not go to the scene of the shooting as the Schulte home is located in Bell county.

The dead girl is a sister of one of the jurors now trying Ed. Beard for the murder of Robert Caffey in Thorndale last September. The juror cannot learn of the tragedy until the verdict has been rendered.

LIQUOR RAIDS NET FIVE ARRESTS IN THE COUNTY

SHERIFF AND CONSTABLE ACTIVE AGAINST BOOTLEGGERS IN THIS COUNTY.

Five were arrested this week by Sheriff Drue S. Rogers and Deputy N. O. Kennedy and George Gamble, constable at Sharp, as a result of two raids made and charges of transporting and manufacturing liquor have been filed.

Chas. Kolb and P. M. Wissinger were arrested by Constable George Gamble near San Gabriel and have been charged on the docket of the Justice court in Cameron with transporting liquor.

In a raid near Briary Sheriff Rogers and Deputy Kennedy took three Mexicans and found a still, coil and 50 gallons of mash. The Mexicans are Augustine Alvarado and Magil and Merced Hernandez. They have been charged with manufacturing liquor and their cases will be laid before the grand jury on November 12, when it convenes in Cameron.

WEATHER REPORT.

Thursday Oct. 25, 11 a. m.
East Texas (Cameron)—Tonight unsettled in west portion. Fair in east portion.

Friday colder in east portion.
Rain and colder in west portion.
Rain or snow in Panhandle.

SIX BUILDINGS GOING UP IN THE CITY OF CAMERON

NEEDED BUSINESS BUILDING SPACE TO RELIEVE CONGESTION IN CAMERON.

Construction of six business buildings in Cameron as a rebuilding plan with the brick building adjoining the Henne & Meyer store on the west is announced by J. D. Hefley, town builder and promoter of many building projects in Cameron.

Mrs. Bessie Wailer, daughter of the late John M. Hefley who owns the building has announced her plans through Mr. Hefley to build these six buildings.

Contract on two of these buildings have been let to Joe Walston and work is to begin on November 1.

All these buildings will have modern fronts and will be about 20 by 85 feet in size. The contract will involve a large expenditure in money but will meet a very decided need in Cameron for store space. The rents on these buildings will be reasonable according to Mr. Hefley who says that two of the buildings have been rented. These two are to be constructed first. Two of the buildings will front South and two will front north while the other two will front West. Vacant lot space at the corners of the north and south buildings will be offered for sale.

Mr. Hefley has under construction now an addition to the city of Cameron and more than any other man in Cameron has been responsible for the development of the city.

Coming in conjunction with the street paving matter it is looked on as the beginning of a new business era for the city.

Cameron needs an office building and let us hope that Mr. Hefley, the town builder, will turn his energetic efforts toward this sort of building as a monument to his service as a builder.

Mr. Hefley has owned more property than any man in Cameron and has built many of the business buildings, and finer homes of the city.

HIGHWAY REPORT.

Thursday Oct. 25, 11 a. m.
All Highways are open and are in fair to good condition Waco via Rosebud.

Good to Burlington, fair through Rosebud and on to Travis.

From Travis to Lott, some grading done and rough. In Lott and one mile beyond undred construction and big cars can only make about 8 miles per hour. Balance fair to within two miles of Chilton.

You will pick up good gravel road into and for two miles beyond Chilton, then about 4 miles, slow going on account of new roadway, balance good gravel into Waco.

Better time can be made via Temple.

Miss Daisy Leake of Temple was a guest of Mrs. S. Carlton this week.

Miss Eleanor Phillips of Rockdale was a guest of Mrs. Irene Cheeves Friday and Saturday.

CONTRACTORS LINE UP FOR PAVING CONTRACTS

PAVING WILL ATTRACT LARGE NUMBER OF PROPOSALS FROM OVER TEXAS.

With the time drawing near for the opening of bids on thirty or more blocks of asphalt paving interest among contractors is increasing and indications are the city will have a large number of proposals for the paving.

The original estimate calls for about 50,000 yards of paving to be laid on eight inches of gravel with Uvalde Rock Asphalt laid two inches hot.

The city council will open bids for these contracts on Tuesday November 6 and will award the contract. On November 4 the county will open bids for bonds in the amount of \$100,000 to be sold for the construction of a new road from A Hall to the McCown bridge and for the construction of a new bridge across the river.

The street paving and the road work will be under way in a short time. In addition to this the city will soon ask for bids on a sewer disposal plant to be erected near the river.

A. F. Mitchell, county engineer, will draw the specifications for the paving and will return to the city this week from San Francisco where he attended the national meeting of the American Legion.

\$4,000 FIRE LOSS WHEN BARN ON GRAVES FARM BURNED WEDNESDAY.

Loss estimated at \$4,000 was sustained Wednesday night about 11:30 o'clock on the T. H. Graves farm southwest of Cameron when the big barn and contents were burned. In the barn was 1600 bushels of corn and 350 bales of hay. The fire is said to have originated in the second floor. The barn was covered by insurance and was valued at \$4,000. A new barn will be built at once. It is thought the fire was started because of rats.

BURGLARY OF RESIDENCE NEAR TRACY WEDNESDAY

The home of an oil man known as Mr. Wilson was burglarized Wednesday night and practically all of the bed clothing, mattresses and clothing were taken from the house.

The Sheriff's department has the matter under investigation at this time and hope to solve the burglary at once.

A. F. Mitchell, commander of the American Legion Post in Cameron, will return to Cameron Thursday.

Mrs. J. M. Ralston, who has been in Galveston and Houston for the past six months, for medical treatment, came home Sunday but will return the last of the week for further treatment. She will leave Friday accompanied by Mr. Ralston and Mrs. Paul Brown and little son of Karnes City, who are guests in the Ralston home this week.

CAMERON FIREMEN WILL RACE AT COTTON PALACE

WILL COMPETE FOR PRIZE MONEY AT COTTON PALACE MONDAY OCTOBER 29.

Fourteen Cameron Firemen and among them the hose racing team to carry Cameron's colors into the reel races at the Cotton Palace in Waco on Monday October 29, will leave Cameron early Monday morning by auto for the Palace City.

The prizes to be awarded range from \$300 downward and the Cameron team will be on hand to compete with other Texas teams at the Palace. It is to be volunteer firemen's day at the Cotton Palace and many teams from over the state will be in Waco for the races.

The Cameron team has made his volunteer firemen's conventions for the past several years and for several decades the colors have been in ever great racing event in the state.

Capt. Joe B. Lindsey will take the firemen to Waco and will be with the boys during the day.

The men were out for a workout Wednesday and hope to get more practice before the day of the races.

Those who will go from Cameron are Joe Lindsey, Billie Marek, Frank Richter, R. L. Batte, Jr., Joe Richter, J. R. Crawford, Pete Kunz, W. L. Wilson, Roy Weems, Wilbur Crawford, mascot, Short Baggett, Lyons McCall, Jack Hearrell and Eugene Green.

TWO NEGROES ARE SHOT GAMBLING; GUN TILT

POKER NIGHT MADE RED WITH SHOOTING OF 2 NEGROES IN GAME.

Dick Patterson, negro, and another negro whose name could not be learned from the sheriff's department, were severely wounded in a pistol duel, Patterson is in the county jail and is shot in the heel while the other negro is in the hospital wounded in the shoulder.

John Bailey and Hilman Ayers were taken into custody by the sheriff and deputy but were later released.

The version of the shooting as given by Deputy Sheriff Kennedy is that the negroes were in a poker game and a dispute arose followed by the shooting.

The negro in the hospital is said to be in a serious condition but hopes to be held out for his recovery.

The negroes are said by Mr. Kennedy to have emptied their pistols at each other and Patterson was shot in the heel while running, he said.

Mrs. Kirby Boles, chief operator at the telephone exchange is spending a few weeks in Kennedy in the home of her sister, taking a needed rest. Mrs. Boles spent the week and with her and reports that she is improving and will be back at work soon.

ARGUMENT CLOSED AND FATE OF BEARD TO JURY

SENSATIONAL MURDER TRIAL ENDS AND VERDICT AWAITED WITH INTEREST.

The case of Ed. Beard, former Constable of Thorndale charged with the murder of Robert Caffey, student at Southwestern Baptist Seminary in Fort Worth, in Thorndale in early September, was expected to be given to the jury at 9 Thursday night after four days in taking of testimony and argument by the state and attorneys for defense which was concluded late in the afternoon.

Judge John Watson read his charge to the jury before noon Thursday and immediately thereafter E. A. Camp of Rockdale, assisting District Attorney Jack Lewis, began the opening argument for the state. Mr. Camp concluded his address to the jury before noon and at the afternoon session defense Attorney E. A. Wallace opened for the defense. Following Mr. Wallace was former county Judge W. G. Gillis for the defense. Beard is being defended by Chambers, Wallace and Gillis.

District attorney Lewis closed the case for the state and the case went to the jury. Testimony in the case was begun on Monday afternoon and was concluded Wednesday afternoon.

Not in the history of criminal cases in Milam county have people been attracted in such large numbers to the court room. Readers of the Herald are familiar with the evidence as developed in the examining trial and with the exception of new testimony developed by the defense in the trial no new facts have been introduced.

The state began presenting its testimony at nine o'clock Tuesday for the state were Mr. and Mrs. Jess Hyde and their daughter, Miss Winnie Hyde, in whose home Caffey was shot seven times by Beard on Sunday afternoon.

Mrs. Hyde was an eye witness to the shooting and as in the examining trial told how Beard had come to the house and had aroused Caffey from his sleep and after they had gone for a drink of water and had returned to the room her suspicions being aroused went into the room where the men were and stood at the foot of the bed where Caffey was seated. Mrs. Hyde said that Beard started to draw some letters from his pocket but suddenly replaced them and drew two pistols and began firing. Caffey fell off the bed and without a word died almost instantly. She said Beard shot Caffey a number of times but could not tell the exact number.

Mr. Hyde met Beard at the door when he came to the home on that Sunday afternoon and asked him in, knowing nothing of the trouble. He took Beard to the room where Caffey was and showed him the young man asleep on the bed. Beard then said he wanted to see Caffey and asked him up. Mr. Hyde said Beard told him that he did not come there to harm anyone and promised Mr. Hyde he would not raise any row in the house. Mr. Hyde then went into the front room. Shortly Miss Winnie Hyde came into the parlor and in tears said that Beard was going to kill Caffey and immediately the firing began.

Mr. Hyde rushed to the room and as he entered Beard was standing over the body of Caffey and shot him twice. Mr. Hyde entered the room, grabbed Beard and shoved him out the door where he met Mrs. Hyde who had gone out of the room but was returning. Beard then left the house by a rear door, mounted his horse and went away.

Miss Winnie Hyde in tears told how Beard had killed Caffey and also of their conversation that morning after they had left the church in

(continued on page four)

AD HALL NEWS ITEMS.

There will be a Halloween Box Supper given at the Ad Hall school house Wednesday night Oct. 31, 1923. The contributions will go for the schools use. Everybody cordially invited.

Rev. McFadyen filled his regular appointment here Sunday evening. Everyone enjoyed his sermon.

Misses Ida Hillin and Laura Rettig, of the school faculty, spent the week end with homefolks near Rockdale.

Misses Florence and Lois Baker were shopping in Cameron Saturday evening.

Misses Ada and Velma Scarborough of Dallas are visiting relatives here.

Miss Nora Ludwig spent Sunday with Miss Irma Scarbrough.

Messrs. Johnnie and Dan Henson attended a party at Friendship Saturday night.

Mr. and Mrs. Hugh Powell and daughter spent Saturday night with her parents, Mr. and Mrs. Pete Lewis of Corinth.

Mr. and Mrs. Chas. Smith and family of Cameron were visitors of Mr. and Mrs. Bud Smith Monday afternoon.

Mr. and Mrs. J. H. Scarbrough were visitors of Mr. and Mrs. Bob Hopkins of near Buckholts Sunday afternoon.

Miss Sophie Ludwig and Mr. Julius Provasek attended the movies Saturday night.

McCOWN-McDOWALL.

Married, Saturday evening, Oct. 20, at the home of Judge and Mrs. Jeff T. Kemp, Judge Kemp officiating Miss Allyne McCown of Cameron and Mr. Aubra McDowell of Georgetown.

Miss McCown is a daughter of Adrian McCown of Gause and was reared in that city, but has been in Cameron for several months employed at the local telephone Exchange. Mr. and Mrs. McDowell will make their home in Georgetown.

MUSIC CLUB.

Mrs. S. A. Cottle was hostess to the Music Club Wednesday afternoon, entertaining in the Auditorium Hotel Parlors.

In the absence of the president, Mrs. Paul Webb, the vice president, Miss Beth Jeter, presided.

The topic for the afternoon was "The Art Song" with Mrs. Leo Wilkerson as leader.

Program—
Discussion of the Art Song—Messdames Gus Evard and Leo Wilkerson.
Life of Robert Franz—Mrs. Henry Hefley.

Piano Solo—Miss Rose Rischar.
Origin of the Art Song—Miss Sallie Kate McLane.

Life of Franz Schubert—Mrs. T. C. Stafford.

Piano Solo—Schubert's Serenade—Mrs. Henry Sapp.

GIRLS LITERARY SOCIETY.

The girls literary society met Thursday for their second regular meeting this year. The subject of a name for the club was brought up, and after much discussion it was decided to call the club, "The Carrie Yoe Literary Society." After the roll call and after plans for the next meeting were discussed, a short program was rendered by Misses Kathryn Agee and Lillie Kate Beckerman. The club adjourned to meet the first Thursday in November.

PLEASANT FAMILY REUNION.

Mr. and Mrs. M. M. Kirk and daughter, Miss Vetres, motored to Lebanon Sunday to participate in a family reunion in the home of their parents, Mr. and Mrs. M. L. Kirk. Others to enjoy this occasion were Mr. and Mrs. J. M. Kirk of Belmona, Mr. and Mrs. Louis Jenness and family of Tracy and Mrs. Pearl Burt of Houston, son and daughters of the home.

CARD OF THANKS.

We wish to thank our friends who were so kind to us during the illness and death of our husband and father.

Mrs. G. W. SANDERS.
H. G. SANDERS.
A. L. SANDERS.
MRS. LYDA S. POLK.

TEACHERS' EXAMINATIONS

There will be no examination for teachers' certificate in November. The next examination will be held on Friday and Saturday, Dec. 7 and 8. Teachers desiring to take this examination will be required to register with the county superintendent not later than Nov. 20th. They should tell their full name, address, age, color, sex, number of years teaching experience, and the grade of certificate to apply for or the subject to take in building.

Very respectfully,

J. F. Chadwick,

County Superintendent.

ROSEBUD WEDDING.

Miss Rosa Kemp of Rosebud and Mr. Burford McMillan of Luling were married in the Methodist church at Rosebud last Sunday morning and left immediately after the ceremony on a bridal tour which will include Waco, Dallas and San Antonio. They will make their home in Luling where Mr. McMillan is Agent for the S. A. & A. P. R'y. Miss Kemp has a number of relatives and many friends in Cameron all of whom wish her happiness and prosperity.

Cameron Herald \$1.50 a year.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

HELP WANTED—Middle aged lady who knows something about hotel work and is willing to do anything in line of duty about the place. Inquire at Lone Star Hotel, Mrs. Matie Springer, Proprietor.

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."

HOW WATER IS WASTED

ONE FOURTH INCH OPENING. This size stream will flow 375 gallons per hour or 270,000 gallons per month cost at 25c per 1,000 gallons \$67.50.

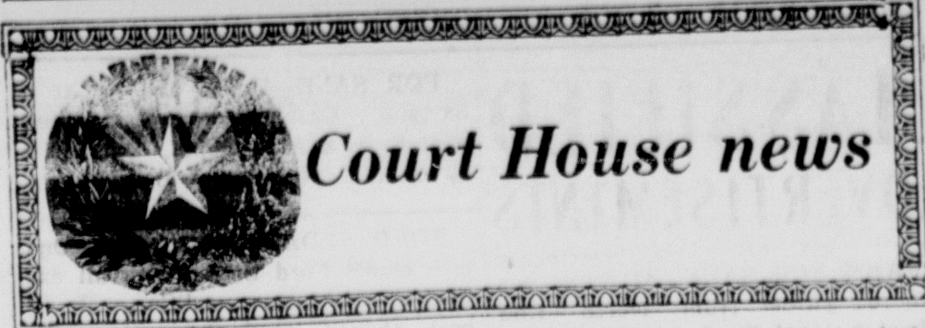

ONE EIGHTH INCH OPENING. This size stream will flow 150 gallons per hour or 108,000 gallons per month, this at 25c per 1,000 gallons \$27.00.

ONE SIXTEENTH INCH STREAM will flow 30 gallons per hour or 21,000 gallons per month, this at 25c per 1,000 gallons will be \$5.40.

ONE THIRTY-SECOND INCH STREAM will flow 7 1-2 gallons per hour or 5,400 gallons per month, this at 25c per 1,000 gallons \$1.35.

It is impossible for a water meter to register in service without water passing thru it, so if your bill seems large you will know that you have a leak wasting water somewhere and do not blame the METER for performing its duty.

These figures were compiled by Mr. R. D. Morgan Superintendent of the City Water Works of Temple, Texas.

Court House news

TWENTY-FOUR QUARTS CANADIAN LIQUOR IS FOUND AT THORNDALE.

Twenty-four quarts of bonded liquor shipped to Thorndale in a trunk was seized by Constable John James there Saturday morning. Some of the bottles had been broken in transit and the officer detected the liquor in this way. The whisky was locked in the vault of the First National Bank and later turned over to Sheriff Drue S. Rogers.

The shipment of liquor bore no address but was sent by express with a plain express tag and showed by the billings that it had reached its destination by way of Houston.

So far no clue has been found to the solution of the mystery surrounding the shipment of bonded liquor finding a destination in a little Texas town many hundreds of miles from the rum running districts of the Canadian border.

AUTO LICENSE TAX SCHEDULE RECEIVED BY TAX COLLECTOR.

Schedule of auto license taxes on the various weights of cars registered has been received at the office of tax collector, Bill Alex Bonds. Owing to the length of the schedule and its complicated arrangement the Herald will not be able to print it but it will appear in full in our next issue.

Car owners should study this schedule so that payment of the tax may be expedited. The taxes are much higher under the new law. Service car drivers are required to pay \$4 for each passenger up to the capacity of their car. Last year it cost a little over \$7 to register a Ford but this year it will cost \$10.40.

Look for this schedule and clip it out for reference and figure out the tax on your car.

GAMBLING RAID MADE BY SHERIFF ROGERS.

On last Tuesday a gambling raid made about two miles from town on Little River by Sheriff Rogers resulted in the arrest of eight men all being white men. The men paid their fines. This is one among a number of gambling raids conducted by Sheriff Rogers during recent weeks near Cameron and in other parts of the county.

S. M. BURNS TRIES CASE IN MILANO JUSTICE COURT

Hon. S. M. Burns, of Cameron, represented District Attorney A. J.

Lewis in Milano early this week in some gambling cases in the Justice court there.

One man was tried for sweating the game and was found guilty by a jury and a fine of \$25 was assessed. So far this is the first case known where a jury found guilty a person for sweating a game. The defendant was represented by E. A. Camp of Rockdale.

Mr. Burns has represented Mr. Lewis in a number of cases in the Justice courts over the county.

REAL ESTATE.

\$1,000—Mrs. Angelina Matocha to Roy McLerran lots in West Cameron.

\$1,250—Joseph Matula to John Jachec two and a third acres of land located in Milan county.

\$2,300—Mrs. E. C. Taylor to J. H. Smilie 86 acres out of the Whiteside and Wickson leagues.

\$3,640—First National Bank of Greenville to Gaston Schram 144 acres of land on the San Gabriel river.

\$2,000—W. M. McCoy to M. M. Harris 50 acres out of the Acosta grant.

\$2,050—W. H. Bailey to W. C. Mitchell 65 acres of land near the town of Gause.

\$500—L. L. Raspberry to E. B. Phillips lots in Rockdale.

\$1,850—E. B. Phillips to August Mrosko lots in Rockdale.

\$2,500—M. A. Culver to M. K. Culver nine tenths interest in a tract of land near Thorndale.

\$250—Melisa Turner to Matthew Miller lots in the city of Rockdale.

\$500—Ann E. German to Emily El. Hott lots in the town of Gause.

\$100—W. A. Von Rosenberg to A. G. Offield acres of land near Sharp.

\$2,500—Jesse Offield to Albert Rinn two acres of land.

\$250—N. G. Wilson to C. E. Brown 25 acres out of the Jose Leal survey.

\$7,950—Virginia K. Freeman to Julia E. W. Smeat 79 acres out of the Harl and Neill grants in Milan county.

LILAC PERSONALS.

Messrs. Dorvan and W. H. Davis were in San Gabriel Sunday.

Valentine Nemic was trading in Sharp one day the past week.

Master F. A. Graves was listed with the sick last week.

Miss Frances Easterwood spent last Sunday with Miss Maudie Moore.

The friends of Mrs. Sam Thorp are glad to see her convalescent after her recent illness.

Messrs. I. B. Cown of San Gabriel and George Cown of Davilla were visitors in our busy little town last Thursday and Friday.

We have been having fine weather for the past week with the exception of rain Monday and Tuesday and some northers.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily
Made Smooth, Says
Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

Mr. and Mrs. Ashcraft and family were Cameron visitors Saturday last.

Mr. and Mrs. Logan were Thorndale visitors Saturday.

The infant daughter of R. H. Bolton was listed with the sick last week.

Bro. Rice, our merchant filled his appointment at North Elm last Saturday and Sunday.

LIONS CLUB MEETING
BOOSTS HOME BUYING
AND CO-OPERATION.

Patronizing home industry was the theme of discussion for the Lion's Club luncheon Tuesday at noon at the Bigbee house. J. W. Coleman was toastmaster and J. M. Edwards acted as President in the absence of T. H. Fisher.

Dan Tyson led the discussion on buying at home urging the importance of spending money at home. He said that during the summer \$300

and \$400 per week was sent out of the city for ice cream and this money could be spent in Cameron. He gave other instances to enforce his talk.

Paul Webb spoke on how the Lion's club may co-operate with the Commercial Club.

J. W. Garner of Rockdale and R. F. Pool of Cameron, as guests made

talks along the line of patronizing home industry. Judge Pool said that patronage of home industry could be encouraged by the merchants stocking larger assortments of stuff.

The next meeting will be a business meeting. A meeting of the directors has been announced for Thursday night.

Herald per year \$1.50.

FARM LANDS FOR SALE BY WILLIAM HENDERSON

Office in Mondrik Building, just South of Cameron State Bank.

No. 101—142 acres in tracts, 100 acres in cultivation, good improvements, abundance of well water, and everlasting spring branch. Located on Pike road, 5 miles from Cameron. Price \$75.00 per acre. Terms easy.

No. 102—185 acres in tract, 150 acres in cultivation, one tenant house, fine well of water, located on Pike road; all black waxy river valley land; 110 acres free from ordinary overflow. This place is just outside the city limits and one can live on it and send their children to the best high school in this part of the State. Price \$55.00 per acre. Terms easy. This is a good bargain.

No. 103—734 acres in tract; 600 in a high state of cultivation. This is all black waxy river bottom land, except about 50 acres which is hilly and sandy. On this the improvements are located. The improvements consist of 6 ordinary tenant houses; 3 wells of water, barn, etc. This is one of the finest farms on Little River and is located 12 miles Southwest of Cameron and 1 mile north of Tracy, a good country village, and 1-2 half mile west of Tracy shallow oil field. Price \$75.00 per acre. Will consider 200 acres good prairie land well improved and well located at \$150.00 to \$200.00 per acre as part payment. This is a good opportunity for some one who wants to farm on a large scale. Next year we can

reasonably expect high price for cotton.

No. 108—62 acres high class prairie land; all in cultivation and adjoining city limits of Cameron and all of it suitable for residence lots. Price \$250.00 per acre.

No. 119—40 acres in tract, all black waxy prairie land; nice new bungalow house just outside the city limits of Cameron. This is a beautiful place and just what you need to make your home and educate your children in Cameron where we have the best high school in this part of the State. Price of this place is \$12,000. Terms easy.

No. 118—271 acres in tract, 25 acres in cultivation; 100 in Bermuda grass, balance in timber, all under fence, 1 mile from R. R. Sw'th. Elevation. Price \$30.00 per acre. Will trade for black land or city property.

No. 120—60 acres in tract, all black land, all in cultivation; good improvements. Good well of water, 2 miles west of Cameron. Terms easy.

No. 121—50 acres in tract, all in cultivation, all black land, very good improvements; 6 miles west from Cameron. Price \$60.00 per acre.

No. 122—199 acres in tract; 185 in cultivation; all black prairie land;

1 eight room frame house; 1 five room box house; 1 three room box house; 1 brick cistern and 1 tub cistern; 1 barn 20x60, concrete floor. Located 1-2 mile from Pike, 3 miles east of Rogers. Price for quick sale \$95.00 per acre. This is a real sure enough bargain.

No. 123—104 acres in tract, 87 acres on prairie, all in cultivation and 17 acres in the bottom with 13 in cultivation. Good improvements; located on Pike road, east of Little Station and 4 1-2 miles from Buckholts. Price on prairie part of tract is \$125.00 and on the 17 acres in the bottom \$65.00 per acre.

No. 124—235 acres in tract; 100 to 125 in cultivation; 1 good box house and good well of water; about 160 acres is river bottom land and in cultivation, and about 135 acres in upland. Price \$5.00 per acre. This is a real bargain price and will not be on the market long; better come to see me right away if you want a bargain. Terms easy.

I have residences in Cameron for sale, prices ranging from \$1000 to \$10,000.

If you are interested in buying Real Estate of any kind, I will be glad for you to come to my office and we will talk the matter over.

ARGUMENT CLOSED AND FATE OF BEARD TO JURY

(continued from page 1)
which Caffey expressed fear that Beard would kill him. She said that Caffey held a Sunday school card in his hand as he was shot to death by Beard.

The trouble on that day started at the church. Beard called Caffey off and they had two conversations. The testimony of Miss Hyde and that of Prof. Samuel of the high school showed that Caffey and Beard went behind a small music house at the church and there stayed for a few minutes.

The examining trial did not disclose what transpired while the men were behind the building but Beard told the jury Tuesday what happened. He said he told Caffey that he was willing to drop the matter and to let bygones be bygones, but that if he attempted to get his wife to leave him or to break up his home he would kill him. Beard said he told Caffey he would kill him if he broke up his home. Later when they had returned to town that Sunday testimony in the examining trial showed that Beard cautioned Caffey to remember what he had told him as they left for their home. Subsequent testimony shows that Beard warned Caffey he would kill him if he caused any trouble in his home.

In turning away to walk home with Miss Hyde that day Caffey said he guessed it had brought on trouble, according to the testimony of Miss Hyde.

Beard's testimony was about the same as in the examining trial except that a greater detail was given. Four additional letters were introduced in evidence and read to the jury but nothing of consequence was contained in the letters except the defense showed Mrs. Beard had sought to keep her correspondence from her husband, but that on one occasion she wrote a letter and let Beard read it, but afterward wrote something on the corner of a page.

Dude Lockling, employed in the postoffice at Thorndale was put on by the defense and his testimony proved that Beard had intercepted a number of letters to Caffey from his wife at the Postoffice. Beard was on the stand when the court adjourned for the night Tuesday.

The only additional witness by the State aside from those in the examining trial was C. E. Lair of Seminary Hill, Texas, with whom Caffey stayed while a student in the Southwestern Baptist Seminary at Fort Worth.

Hervie Rouse of Thorndale, a meat cutter, was put on by the defense and told the jury that on one occasion he had seen Caffey kiss the wife of Beard in a down town store. He testified that he told no one about it and that he told Beard as a friend he thought something was wrong.

Mr. Vanfield who was running a confectionery in Thorndale in 1922 said that his place was in a building adjoining a barber shop and that in the front of the place was a mirror in which could be seen the rear of the parlor. He said he saw on one occasion in 1922 Caffey seated with his arm about the shoulder of Beard's wife. He said nothing about it and later moved to Taylor. He said after Beard killed Caffey that he came to Taylor and talked to him and got Vanfield and Rouse said they had talked to defense attorneys recently.

Mrs. Rhett Wilder of Minerva, sister of Mr. Beard testified that she went to Beard's home near Thorndale on one occasion in 1922 and found Caffey in the Beard home with Mrs. Beard seated at the piano on a stool. She said she came in suddenly and that Mrs. Beard left the room immediately.

About five hundred people were crowded into the room of the court all during the day Tuesday. It was expected to conclude the evidence and get the case to the jury by Wednesday night.

Caffey was a student in sacred music at the Seminary of the Baptist at Fort Worth and was preparing for a career as a singer for evangelists.

work. Memorial services were held at the Seminary church after the burial of Caffey conducted by Dr. L. R. Scarbrough.

When the court convened Wednesday morning Beard was placed on the stand, having not concluded his testimony on cross examination by District Attorney Lewis. Beard went more into detail in his testimony and gave as his reason for killing Caffey that he believed he had been the cause of his home being wrecked. He went into detail about the letters written to Caffey by Mrs. Beard and letters written to Mrs. Beard by Caffey. Four letters were introduced in evidence. Beard testified that he did not mail the letter written by Mrs. Beard which he read and when Caffey had failed to return the letters as he had been told by his wife to do he concluded something was wrong.

Questioned by District Attorney Lewis Beard testified that he believed Caffey had had illicit relations with his wife and that he still believes this to be true. Beard testified also that he and his wife had agreed to live together again. Beard said he did not kill Caffey because as he alleged in the examining trial that Caffey placed his hand in his pocket as he confronted him, but because he believed him to be guilty when he looked Caffey in the face in the Hyde home on Sunday afternoon and Caffey did not deny his accusation.

Beard testified to warning Caffey he would kill him if his home was broken up. The defendant was grilled for nearly two hours by Mr. Lewis on cross examination.

J. M. Beard, father of the defendant and Mrs. Beard, mother of the defendant testified for defense. Mr. Conley, brother in law of the defendant testified and a number of others testified but did not develop any material facts in the case.

The court room was crowded. Mrs. Beard, wife of the defendant, did not go on the stand.

Gasoline reached the low level of seven cents per gallon at retail in San Antonio last week, and Editor White of the Cameron Herald announces that he is going to drive down there and fill up his tin lizzie.—Rockdale Reporter.

We thank Brother Cooke for his compliment to our sense of economy but at the same time want him to know that our famished lizzy drinks Milam County Gasoline and nothing else, even though selling at 49c per gallon. We wonder if Editor Cooke uses Milam County gas to encourage the development of home industry.

RENEWED TESTIMONY

No one in Cameron who suffers backache, headaches, or distressing urinary ills can afford to ignore this Cameron man's twice-told story. It is confirmed testimony that no Cameron resident can doubt.

M. W. Mitchell, retired farmer, 503 E. Fifteenth St., says: "My kidneys were out of order and I had a weakness across my back and loins. The kidney secretions annoyed me by their irregular passage, at times being too free and then again, scanty. Very often the kidney secretions contained a brick-dust-like sediment. A friend recommended Doan's Kidney Pills and I used them. Doan's soon relieved me of all symptoms of kidney complaint."

Over Four Years Later, Mr. Mitchell added: "I feel just as kind toward Doan's Kidney Pills now as when I endorsed them before. Doan's are my standard remedy for kidney complaint."

THE PERIL OF EDISON-FORD'S MONEY SCHEME

Would Create More Paper Money Than Russia's Trillions But Add No Real Wealth.

SOME DANGEROUS FALLACIES

Would Remove Safe Restraint of Gold Basis and Open Way to Endless Issues of Paper Money.

How the United States would be swamped, under a greater volume of worthless paper money than has ruined Germany and Russia, by the Edison-Ford commodity currency plan is pointed out in the present article, concluding the reviews, prepared by the American Bankers Association, of the recent exposure of the folly of the whole scheme by William T. Foster, Director of the Pollack Foundation for Economic Research. Mr. Foster says:

"The supply of money," says Mr. Ford, "is inadequate. There is more wealth than there is money to move it." He draws a vivid picture of the golden dam to the stream of prosperity. From a hundred quarters comes the demand for the government to speed up the printing presses, in order to crush the money monopoly, reduce interest rates, and make it easier for everybody to get money. "Inflation the currency, however, though it enables people to get more units of currency, does not enable them to obtain more purchasing power, and it does not reduce interest rates. In all her history Germany never had so much money or as high interest rates as in 1922. Money, unlike other forms of wealth, is not easier to obtain simply because the total supply is increased. On the contrary, increasing the supply of money ordinarily increases the demand for money, and interest rates depend not on supply but on the relation between supply and demand.

A Dangerous Fallacy

"We are assured, however, that the Ford-Edison plan provides money for the farmer at virtually no expense to the government or to anyone else. All the government has to do is to print the money. What could be simpler? Here we come to the most dangerous fallacy in the whole project. It is dangerous because of the universal desire to get something for nothing.

"Here is the gist of the matter. Money will buy whatever is produced, not a particle more by any trick of alchemy, or legislation, or finance. The Russians, having multiplied their money 257,000 times, cannot buy as much with it as before. When we print more money there are no more goods for money to buy; not a single additional plow, or hat, or potato. "Some of those who get the newly printed money can buy more goods than before; all other people can buy fewer goods than before, because their money has fallen off in purchasing power. Since there are no more plows, and hats, and potatoes, and so on, to distribute, if some people get more, others must get less.

"Inflation under the Edison plan is limited mainly because, on account of its indefensible discrimination, most groups of producers of goods and services are not allowed to participate. If all groups were included, as in fairness and in politics they would have to be eventually the possibilities of inflation would be vast.

The Deadly Spiral

"The total income of the United States is now in excess of fifty billions of dollars. The total money in circulation, including bank deposits subject to check, is not far from twenty-five billions. It follows that the annual production, if used as a basis for new issues on the Edison plan, could at once greatly increase the volume of money in circulation. Every addition to the monetary supply would tend to raise prices. The higher prices became, the higher would be the loan value of a given volume of goods since the size of the loans is based on values and not volume. The greater, therefore, would be the volume of new money that could be issued on the basis of a given annual production. Prices would become still higher; and so on up an endless spiral.

"Even in Russia, where financial printing presses hold the world's record for volume, where new issues of two hundred trillions of rubles per month stagger the imagination, the people complain that there is not enough money to do business with. Without the arbitrary restraint of the gold basis, and with Muscle Shoals inflationists, and sundry other kinds of inflationists constantly pressing their claims upon Congress, it is not at all certain that the United States, once well on the road to financial chaos, would in the end be outrun by Russia."

BANKS HELP CLUB WORK

Yakima County Banks in the State of Washington have loaned \$8,670 to boy and girl club members. Yakima County has twenty-nine pig club members, twenty-four poultry club members and forty-three dairy club members. Dairy club members are all using pure-bred stock, local breeders and bankers co-operating with them to the fullest extent.

UNJUST RESULTS OF MONEY PLANS

Unsound Currency Gives Sellers Unfair Advantage Over the Producers.

EXPERT EXPLAINS MONEY

Points Out Danes in So-Called Energy Dollars—Other Plans Exposed.

How demagogues are using false doctrines of so-called "sound money" to give themselves or the class they represent unfair advantages at the expense of real producers is exposed in the Journal of the American Bankers Association by H. Parker Willis, expert on the money question.

"There is no subject in whose name more crimes against truth have been committed than that of 'sound currency,'" Mr. Willis says. "The term is always resorted to by demagogues. At the present moment there seems to be a danger that it will be used by a potential presidential candidate as representing the 'platform' upon which he expects to run. There is no question that more nearly and directly touches the immediate welfare of every class in the community."

Purpose of Money

Primary functions of money and currency, it is explained, are to serve as a means of exchanging goods and as a means of measuring the value of goods. Mr. Willis continues:

"Demagogues and those who are disposed to mislead the public for various ulterior reasons have succeeded in disseminating an entirely different view of the purpose of money. Some of them contend that the soundest or best currency is that which is so arranged as to bring about a 'fair' redistribution of wealth. They want a constantly depreciating currency—one which keeps playing into the hands of the seller of goods, by enabling him to count confidently upon higher prices in terms of money so that he pays the producer from whom he has obtained them less and less. IT IS A STRANGE THING THAT THIS KIND OF CURRENCY IS OFTEN HIGHLY PRAISED OR FAVORED BY THE PRODUCER HIMSELF, NOTWITHSTANDING THAT HE IS THE GREATEST SUFFERER FROM IT."

Energy Currency

There is another popular view of sound currency which aims to base it upon "natural products" or "natural forces"—usually it is true, specifying products or forces which have been monopolized or can be controlled by the advocate of such currency. Thus from time to time there have been schemes to issue a currency based upon or protected by farm products stored in warehouses or occasionally representing "units of energy" or horse power.

The rulers of Soviet Russia at one time attempted to introduce a currency representing "labor time," each man receiving a check representing the number of hours of time he had put in at work, while goods themselves were to be valued in terms of hours of production time. Thus one man who put in an hour's time in street cleaning received the same control over goods as he who put in an hour's time at surgery. The theory was that this kind of "sound" currency enabled the "poor man" to get a larger supply of goods.

"The trouble was that when those who could perform a certain kind of labor were not paid in proportion to their effort they stopped making goods. So it was not very long in Russia before the sound currency which was issued in favor of the poor man had brought it about that the poor man could not buy anything with the currency. This was an unfortunate kind of 'soundness.' We do not want something like it in the United States today, yet very similar proposals are now being made in a good many quarters that ought to know better," says Mr. Willis.

FACTS ABOUT CHECKS

A bank check is a written order on a bank by one of its depositors to pay a specified sum to another party. This instrument must be dated, the amount written in full in the body, and signed the same as the depositor's signature appears on the bank signature card and ledger sheet.

A check is payable on demand, provided it is not dated ahead. If dated ahead it becomes a promise to pay, the same as a note or acceptance, payable on some future date. United States revenue stamps are required on a check dated ahead, at the rate of 2 cents per hundred dollars, or fraction thereof.

In case a check carries two different figures, that is \$2.00 in the figures and "Two Hundred Dollars" in the written part of the body of the check, the latter, or part in writing, always controls.

A check made out to a person "or order," requires identification, and the party presenting the same must assure the bank that he is the payee. A check to a person "or bearer" is payable to the one presenting it at the bank, but a certain amount of identification is necessary, for the bank reserves the right to know that he is entitled to receive the funds.

CLASSIFIED ADVERTISEMENTS

FARM FOR SALE—82 acres, one hundred yards from North Elm school house. Good new land. See Mrs. Antone Wokaty, Cameron R. F. D. 3. 24 4tp.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Remedy, manufactured by P. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts upon the blood in the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Remedy fails to cure. Send for circulars and testimonials. P. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Make Family Pills for constipation.

Rub Rheumatic Pain From Aching Joints

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappears and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Linger up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

CATARRHAL DEAFNESS

Is often caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be removed, your hearing will be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—cure your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists. P. J. Cheney & Co., Toledo, O.

Mrs. Frank Monroe and little son have returned from a weeks visit in Dallas.

Miss Leila Wood of the Rosebud school faculty was a guest of Mrs. J. M. Eplen Sunday.

Mrs. Mary Cooke and Mrs. Evard of Milano were Cameron visitors Monday.

Mr. and Mrs. R. B. Rylander and children attended the Cotton Palace Tuesday.

Mrs. Wm. R. Rogers and sons, Reed and Kenneth, spent Saturday in Waco, enjoying the foot ball game and other attractions.

Mr. and Mrs. W. A. Bonds left Sunday for a two weeks visit in Amarillo, Texas. They will stop first in Amarillo, where Mrs. Bonds will attend the State Grand Chapter meeting, Order Eastern Star, as a delegate from the Cameron Chapter. After this they will visit in Post with Mr. Bonds brother, Scott Bonds and family, and in Lubbock with Mrs. Bonds brother, Martin Ruby and family.

Misses Annie Stallworth, Theresa Jensen and Maggie Lou Aycock and Mrs. Emma Barron motored to Buckholts Monday for a short visit.

Mrs. Wm. Henderson went to Waco Tuesday morning to visit her daughter, Miss Ruth, who is teaching there, and will attend the Cotton Palace.

Dr. and Mrs. G. B. Taylor spent Sunday at the Cotton Palace.

Mr. and Mrs. R. Y. Dees are rejoicing over the arrival of a fine baby girl in their home Monday Oct. 22.

Mr. and Mrs. E. G. Marsh and children of Wheelock spent Sunday with Mrs. Marsh's sister Mrs. O. H. Griffin.

Mr. and Mrs. A. L. Hitt of Wheelock were guests of their daughter Mrs. O. H. Griffin Sunday.

C. N. Green, merchant of Cameron, went to Dallas, Tuesday to see his son Charlie Frank Green who was married there on Monday. Word was received in Cameron of his marriage there Wednesday and Mr. Green left immediately for Dallas.

Mr. and Mrs. Joe Bass spent Wednesday at the Cotton Palace.

Mrs. Paul Brown and little son, Jacob Ralston Brown, of Karnes City, are guests of Mrs. Ralston's parents, Mr. and Mrs. J. M. Ralston.

Mrs. Paul Webb and Miss Gladys Watson were in Waco Wednesday night for the opera, Rigoletto.

Mrs. D. Fikes is visiting her niece, Mrs. Vera Gilbert, at Yarellton this week.

Mr. and Mrs. Logan Green and children spent Sunday at the Cotton Palace.

Mrs. Paul Porter of Branchville is visiting her parents, Mr. and Mrs. Tom Randolph.

Miss Gussie Hubert, daughter of Dr. and Mrs. J. H. Hubert, was rushed to the Cameron Hospital Sunday for an emergency appendicitis operation. At last report, she was doing nicely.

Jim Mann of Yarellton is in the Cameron Hospital recovering from an appendicitis operation.

Misses Aikman and Gibbs of Yarellton were here Monday visiting friends in the Cameron Hospital.

Mr. and Mrs. A. R. Stecher left in their car Tuesday morning for a visit to the Dallas Fair.

Miss Louise Muske and Miss Dorothy Gohmert are visiting relatives in Brookshire.

Miss McMillan Scott attended the Kemp-McMillan wedding in Rosebud Sunday.

Mr. and Mrs. Bryan Colburn and little son of Rogers were guests in the R. L. Batte home this week.

Misses Grace Mangum and Nadine Bragg, who are teaching at Rosebud, spent the week end here with their homefolks.

Miss Sallie Coleman was at home from Baylor University for a week end visit with her parents, Mr. and Mrs. J. W. Coleman.

Mrs. Marion Morton and little son, who were guests last week in the L. L. Blaylock home, left Sunday for Temple and will visit there with Rev. and Mrs. B. B. Blaylock, Mrs. Morton's parents, before returning to Dallas.

Mrs. M. W. Price and daughter, Mrs. Edgar Love, spent Tuesday at the Cotton Palace.

Mrs. James Sedbury of Waco, was here last week visiting her mother, Mrs. J. S. Hubert.

S. E. Brogden, local representative of the Southwestern Life Insurance Company, will leave Monday for Dallas to attend the 20th annual convention of the Southwestern Life Club. Mr. Brogden received a letter from the company this week, stating that while in the city he would be considered a guest of the company, and all expenses, including railroad fare both ways would be paid by them.

George Cone who has been in Houston for the past month or more is home again and with the county engineer's office.

B. E. Dryer of Brenham, traveling representative of the West Texas Timber and Grass Exterminator product now sold in Texas by the West Texas Chemical Company of Brenham, is in Cameron this week to make demonstrations of the product in behalf of the Robert McLane Company, distributors in this district. Mr. Dryer resided for several years in West Texas but has returned to his home in this section of the state.

Improvements in the building of the Barmore-Shires Motor Company finds the company with a neat little office and Gaston Barmore as the office man. The company is selling Star, Durant and Cadillac automobiles.

AN ORDINANCE.

AN ORDINANCE requiring the yearly vaccination against rabies of all dogs owned or kept within the limits of the City of Cameron, Texas, by the owner, keeper, or caretaker of said dog; providing for the registration of the time of vaccination of each dog by the Sanitary Officer of the City of Cameron, and the furnishing of a tag for each dog indicating such vaccination and date thereof; providing for fees for such vaccination and registration and tag; providing for a penalty for the violation of the provisions of this ordinance; and declaring an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS:

Section 1. That it shall hereafter be unlawful for the owner, keeper or caretaker of any dog to own, keep, or maintain any dog within the limits of the City of Cameron, Texas, for a longer period of time than 15 days, without having first having said dog vaccinated against rabies; that any owner, keeper, or caretaker of any such dog shall fail or refuse to have such dog so vaccinated, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one hundred dollars.

Sec. 2. That it shall be the duty of the Sanitary Officer of the City of Cameron, to vaccinate against rabies all dogs at the request of the owner, keeper, or caretaker thereof, upon the payment by said owner, keeper, or caretaker of a fee of \$2.50, and to deliver to said owner, keeper, or caretaker a suitable tag showing the name of the owner, keeper or caretaker, name of the dog and the date of the vaccination, said tag to be suspended from the neck of said dog. It shall further be the duty of said Sanitary Officer to keep in a record book, well-bound and strong, a record of the names of the owners, keepers and caretakers of all dogs vaccinated, the names of said dogs, the dates of vaccination, and the fees charged. Provided, however, that if the owner, keeper or caretaker of any dog shall refuse to comply with the provisions of this ordinance the Sanitary Officer shall take on the dog, vaccinate same and hold for a period of 13 days and, upon failure by the owner, keeper or caretaker to pay the fee then to destroy said dog.

Sec. 3. It shall be unlawful for the owner, keeper or caretaker of any dog which has been vaccinated against rabies as required under Section 1 of this ordinance, to permit said dog off any premises on which said dog is kept or maintained in the City of Cameron, Texas, without said dog having attached and suspended from its neck said tag showing the name of the owner, keeper or caretaker, name of the dog and date of vaccination; and any person violating this section of this ordinance shall be guilty of a misdemeanor, and shall, upon conviction thereof, be punished by a fine of not more than one hundred dollars.

Sec. 4. That the terms "owner, keeper or caretaker" of a dog, as used in this ordinance, shall include not only the actual owner, keeper or caretaker of a dog, or dogs, but shall include the parent, guardian, and custodian of any minor, who is permitted by said parent, guardian or custodian, to own, keep or maintain any such dog or dogs.

Sec. 5. That vaccination of any dog under this ordinance may be lawfully done by the Sanitary Officer of the City of Cameron, who shall be a qualified veterinary surgeon, or by any other veterinary surgeon, qualified and licensed under the laws of the State of Texas to practice veterinary surgery within the State of Texas; provided that where vaccination is performed by any other than the Sanitary Officers, said veterinary so vaccinating any dog shall issue a sworn certificate to the owner, keeper or caretaker of said dog, showing owner's, name, dog's name, and date of vaccination, and shall certify to the proper vaccination against rabies of said dog. Upon the presentation of said certificate to the Sanitary Officer, the name of the owner, keeper or caretaker, name of the dog, and the date of vaccination shall be entered in the

Vaccination Record Book, and the date of said certificate and the veterinary issuing same shall also be entered.

Sec. 6. The fact that there is no adequate ordinance providing for the vaccination of dogs against rabies creates an emergency and a public imperative necessity that the rule requiring ordinances to be read on three separate days be and the same is hereby suspended, and that this ordinance take effect from and after its passage and legal publication and it is so ordained.

J. B. WHITE,

Mayor of the City of Cameron.

THE STATE OF TEXAS,

County of Milam.
I, R. D. Brown, Secretary of the City of Cameron, do hereby certify that the above and foregoing is a true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appear of record in the Minutes of Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 16th day of October, A. D. 1923.
25 4t

R. D. BROWN,

Secretary of the City of Cameron.

NOTICE OF CONSTABLE'S SALE OF REAL ESTATE.

By virtue of alias execution issued out of the Justice's Court of Precinct No. 1, Milam county, Texas, on the 8th day of October, 1923, on a judgment for One Hundred Sixteen (\$116.00) Dollars and the costs of suit rendered for plaintiff in said Court on 27th day of December, 1915,

and against defendant in cause No. 1362, styled T. S. Henderson, plaintiff, vs. T. J. Neeley, defendant, and directed and delivered to me as constable of said Precinct, I did on the 8th day of Oct. 1923, levy upon the following described tract of land in Milam county, Texas, as the property of defendant T. J. Neeley:

One acre on the D. Monroe Original Survey one mile north of Court House, known as the Neeley Place, and begins on the West line of a 9 acre tract conveyed to John Barker by Wesley Miller and wife, a stk. 150 vs. N. 19 E. from S. W. cor. of said 9 acre tract; thence N. 19 E. 75 vs.; thence S. 71 E. 75 vs.; thence N. 19 W. 75 vs.; thence N. 71 W. 75 vs. to the beginning and is the same land conveyed to Tom J. Neeley by J. N. Luce and wife by deed of record in book 117, page 121, Deed Records of Milam county, Texas; and the same will be offered for sale under said levy at the Court House door of Milam county, Texas, in the City of Cameron on the 6th day of Nov. A. D., 1923, same being the first Tuesday in said month between the hours of 10 o'clock a. m. and 4 o'clock p. m., at public auction, to the highest bidder, for cash, and will be sold to satisfy said judgment and costs.

Witness my hand this 8th day of October, A. D. 1923.

CHAS. SENS,
Constable of Precinct No. 1, Milam County, Texas. 24-4t.

TEACHERS' EXAMINATIONS

There will be no examination for teachers' certificate in November. The next examination will be held on Friday and Saturday, Dec. 7 and 8. Teachers desiring to take this

examination will be required to register with the county superintendent not later than Nov. 20th. They should tell their full name, address, age, color, sex, number of years teaching experience, and the grade of certificate to apply for or the subject to take in building.

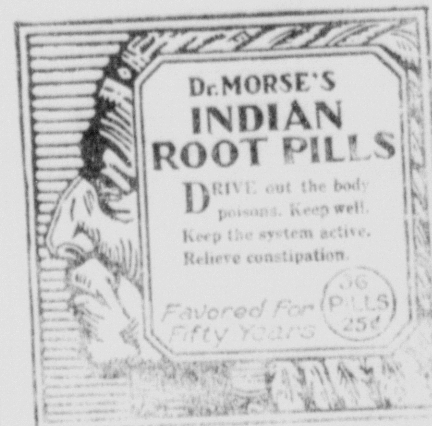

Very respectfully,

J. F. Chadwick,
County Superintendent.

CAMERON NEGRO IS HELD FOR SHOOTING OF ANOTHER

Sid Grant, negro, is under arrest and charged with assault on murder in Justice Court, following a shooting Monday afternoon when another negro whose name is not known to the Sheriff's department, was wounded from a charge of shot from a shotgun.

It is said that the trouble began when Grant went to his home and found the other negro there. The wounded negro is said to be doing nicely and will recover in a short time.

BEAUTIFUL CHURCH WEDDING. NOTICE OF THE SALE OF BONDS

One of the most beautiful church weddings we ever witnessed was celebrated at Thorndale Methodist church last Sunday at noon when Miss Audrey Clark was given in marriage to Mr. Sam Lee Peebles of Memphis, Tenn.

The church was beautifully and tastefully decorated with evergreens and flowers from the florist. Seventeen persons filled some place in the wedding ceremony and they all marched suitably through the church aisles to their positions in and about the choir loft while Miss Afa Elliott played a wedding march. Just previous to this juncture Mrs. L. I. Samuel sang a solo, "I Love You, Dear." Mr. L. J. Flanagan, sales manager for the Kehl Flour Company, with offices in St. Louis, was best man and Roy Clark and Joseph Clark, brothers of the bride, were ushers.

Mrs. Grace Jennings was matron of honor, Misses Nell Bryson, Hallett Haynes, Byrd Robertson and Nora Hale, were bridesmaids. Elizabeth Bardfield was junior bridesmaid, Janet Jennings was flower girl and little Helen Clark was ring bearer. Mr. Tom Clark, a brother of the bride gave his sister away. M. I. Brown was the officiating minister.

The bridesgroom and best man were dressed in black and the bride was dressed in a three-piece suit of brown silk Suede Duxty with hat to match trimmed with burnt Ostrich trimming. The matron of honor was dressed in blue, Crepe, the bridesmaids were dressed in Tan Crepe the flower girl in blue Crepe and the ring bearer in white and gold.

The wedding company stood between two floral baskets filled with gorgeous Chrysanthemums from the floral garden with a beautiful background of lattice work trimmed with evergreen vines.

Immediately after the ceremony some friends and relatives of the bride were guests in the home of the bride where cake and punch were served and a joyful time experienced. We hope the bride will be healthy, wealthy and rich; for the cutting of the cake went off without a hitch.

The bridal couple left for Houston where they were to be entertained for lunch at the Rice Hotel by a special friend. From there they will take a trip north, spending sometime in New Orleans, La., Savannah, Ga., New York City and other points in the East. They will be given a special reception by friends of the bridegroom at Columbia, Ga. They will embark on steamer at Savannah, Ga., and make the trip by water to New York City. After a visit to the greatest city in the world they will return by way of Philadelphia and make a brief visit there. They will also visit Vineland, N. J., where Miss Audrey attended school some years ago and received a diploma for teaching. They will then visit Mr. Peebles' parents at Garder, Tenn., for a few days, after which they will be at home in Memphis, Tenn.

Mr. Peebles is commercial agent for the Georgia Central Railroad with offices in Memphis. Before coming for his bride he purchased a beautiful brick bungalow for their home in the above named city. The prayers and good wishes of their Christian friends follow them to their new home.—Thorndale Champion.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

CASTORIA

For Infants and Children In Use For Over 30 Years

Always bears the Signature of J. C. H. H. H. H.

Notice is hereby given that proposals will be received by the commissioners court of Milam county, Texas, until 3 p. m. Friday, November 2nd, 1923, for \$100,000.00 bond issue in special road district No. 2, and then publicly opened and read.

Bonds are serial, in denomination of \$1,000.00, bearing interest at the rate of 5 1-2 per cent, payable semi-annually and maturing within thirty years.

A certified check in the sum of \$2,500.00 made payable to Jeff T. Kemp, County Judge, Milam county, Texas will be required with each bid.

The total valuation of the district, which includes the City of Cameron with a population of 6000, amounts to \$3,984,523.00.

The district contains 23 miles of railway and some of the best farming land in Texas.

Buyer of bonds will be expected to pay for the printing of the bonds; delivery to be made within 20 days from date bids are opened, and the right is reserved to reject any and all bids.

Bids are to be filed with the undersigned.

A financial statement will be furnished on request.

GILES L. AVRIETT, Auditor, Milam Co., Texas.

CARD OF THANKS.

We wish to heartily thank the members of the Board of Stewards and the members of the Missionary Society for the beautiful floral offerings and the words of sympathy spoken to us during the recent bereavement that befell our family. May God's richest blessings be with each of you in our prayer.

REV. and MRS. IRA F. KEY and CHILDREN.

FINES ARE ASSESSED IN CITY COURT ON MONDAY.

Fines were assessed in city court Monday morning against three who plead guilty to separate offenses. One for selling meat without inspection, one for speeding and one for vagrancy.

Last week City Marshal Vince Lucas made a vice raid in the city and three arrests were made. All entered pleas of guilty and have left the city. Two white women were arrested by the marshal on Wednesday and were charged with vagrancy.

This is the second time since the passage of the meat inspection ordi-

nance that fines have been paid for its violation. The first instance was the finding guilty of a market owner of selling meat condemned by the health officer.

AUTUM PARTY.

Opening her new home for the first time in a formal manner, Mrs. Giles L. Avriett entertained with an Autumn Party Tuesday afternoon from 4 to 6.

Paul Neron roses, red carnations and autumn leaves made a beautiful setting for this lovely affair.

Twelve tables were arranged for forty-two, each centered with a basket of autumn nuts and fruits. The guests cut for these favors after the games were over. The eighty-four favors were red carnations.

Miss Beth Jeter made high score and was awarded a pretty framed autumn scene. Mrs. Claud Triggs received a basket of fruit for low.

A salad course with a touch of autumn decoration was served at the game tables.

The hostess was assisted in entertaining by her two little sons, Giles, Jr., and Jack, and by Mesdames Wm. Rogers, W. O. Triggs, Charles McDermott, Misses Jeff Lewis and Myrtle Avriett.

Mrs. Paul Brown of Kansas City was an out of town guest.

ROBS CALOMEL OF NAUSEA AND DANGER

MEDICINAL VIRTUES RETAINED AND IMPROVED—DANGEROUS AND SICKENING QUALITIES REMOVED. PERFECTED TABLET CALLED "CALOTABS"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popu-

Chas. W. Price

Licensed Embalmer Lady Assistant With Henne & Meyer Co. Houston, Texas Night Phone 441. Day Phone 55

larity,—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morn-

ing you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, pure 35 cents

for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (H)-tf

Chiropractor

Cameron, Texas

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

LANE CEDAR CHEST

For Cleanliness And Sure Protection Till Summer Comes Again

Here is convenient storage. A fragrant LANE Red Cedar Chest will keep your summer fineries safe—away from the wear and tear of much-used closets and the dust and dampness of coming months. And whether you store them for a season or for years, always they will be clean and fresh.

LANE Cedar Chests are moth-proof, dust-proof, damp-proof. All panels are dovetailed, corners interlocked. The LANE is built to last for generations, to adorn the home, to protect your furs, woollens, daintier things. Each is as artistic as a jewel box, sturdier than a trunk—a useful piece of furniture for every home.

See the variety of plain and period styles, some with mahogany or walnut finish, made in convenient sizes and priced for every purse. Because no other chest can be quite so good, make certain the name, LANE, is burned inside the lid of the one you buy.

J. A. HUFFMAN, PIONEER, DIES AT THE AGE OF 81

PIONEER RESIDENT BURIED
TUESDAY AT THE SALEM
CHURCH CEMETERY.

J. A. Huffman, pioneer resident, land owner and farmer of Milam county died at his home near Elm Ridge school house, Monday afternoon October 22, at the age of 81 years and was buried in the Salem Cemetery Tuesday afternoon.

The funeral services were held at the Salem church of which deceased was a member. The services were conducted by Rev. Ira F. Key, pastor of the Cameron Methodist church. Hundreds of friends of the pioneer

attended the funeral, paying their respects to the gallant soldier and pioneer man who had blazed the trail of civilization with others in the early days of the county.

He is survived by his widow who was Miss Rebecca Jackson, daughter of an old settler, Peter Jackson, and one son, C. V. Huffman, and one daughter, Miss Nettie Huffman.

Mr. Huffman was a member of the Milam County Grays, a military company organized by Major Jeff Rogers and marched with his company from the court house square in Cameron in 1861. This company was afterward known as Company G, Fifth Texas Regiment, Hoods Texas Brigade.

He was severely wounded at war and was crippled through life. He was buried in a fine suit of Confederate gray, the uniform he had

worn as a soldier in the gallant cause of the Southland to which he was devoted as a young man and whose glories he cherished through his declining years.

Of the large company to march away from Milam county to the war of the sixties only three are left.

The Herald extends its sympathy to the bereaved relatives in the loss of this beloved citizen and pioneer.

MRS C. E. ROBERSON.

Mrs. C. E. Roberson, a resident of Milam county since 1886, was buried in Oak Hill Cemetery Tuesday afternoon at 3:30 o'clock. The funeral services were held at the home of her son, G. D. Roberson, who lives on the Batte place just north of the city limit and was conducted by Rev. E. L. Springer.

Mrs. Roberson was the widow of

Buck Roberson, a half brother of W. M. Miller of Cameron. Mr. Roberson died in 1906. His wife and sons continued to farm and were living at Clarkson when Mrs. Roberson's health failed. She died at the home of her son, Calvin Roberson, in Maverick.

She was the mother of twelve children. Five sons and four daughters survive her. Two of the sons, G. D. and Elzey, live near Cameron. Her daughters are Mrs. Nora Springer of Clarkson, Mrs. Jennie Moseley of Travis, Mrs. Marrs of Ft. Worth and one other whose name we failed to get.

A large number of relatives from other points attended the funeral, among the number were: Mrs. Nancy Simonton of Chriesman, Mrs. Lou Rhodes and son, Clint, of Somerville, a niece from Ft. Worth and several grand children.

BROOKS-GREEN

Charlie Frank Green, son of Mr. and Mrs. C. N. Green of this city, and Miss Clarissa Brooks of Forney were married in Dallas Tuesday afternoon, October 23, 1923.

They will reach Cameron this afternoon via the S. A. & A. P. and will make their home here. Charlie Frank will be connected as formerly with the C. N. Green and Brothers Grocery and Furniture business.

The wedding came as a pleasant surprise to both relatives and friends of the contracting parties and is the culmination of a love affair begun when the principals were students at Southwestern University. Miss Brooks visited in Cameron last summer and has a large circle of friends here to extend her a welcome to her new home.

He is the only son of Mr. and Mrs.

C. N. Green. After graduating from the Cameron high school, he continued his studies at State and Southwestern Universities and was at the time of his marriage taking a business course in Dallas.

He is one of Cameron's most promising young men and the future holds much in store for him. The Herald is glad to join with other friends in wishing for him and his bride all true success and happiness.

COUNTY NEWS

TRAIN STRIKES TRUCK —DRIVER IS MANGLED.

Hillsboro, Texas, Oct. 14.—Fritz Reinke, 60, was killed instantly at Malone, Hill county, Saturday morning when the truck he was driving was struck by an International and Great Northern passenger train.

Reinke's body was badly mangled and his skull crushed. He had been a citizen of Malone for 33 years, and is survived by his wife, three sons, two daughters and an adopted daughter. Funeral arrangements have not been announced.

Mr. Reinke was a son-in-law of Mr. and Mrs. A. Kuntze and brother-in-law of Herman Kuntze, both of Thorndale, who, with their families went to Malone immediately upon hearing of the accident. Interment occurred in the Malone Cemetery, with Revs. Gertner of Malone and Studtman of Reisel conducting the services on Sunday afternoon. Mr. Reinke has many friends in Thorndale who will regret to learn of the sad accident, and the Champion joins the relatives and many friends of the family in extending them our sympathy in their bereavement.—Thorndale Champion.

ONE KILLED, ONE INJURED IN ACCIDENT AT DIME BOX.

Saturday afternoon the hurry and hustle of the town of Dime Box was suddenly checked when the sad accident happened that killed Frank Zelenevitz and cut off one foot for Joe Spacek, Jr. The two young men were driving in a runabout and they collided with the Dallas-San Antonio passenger train. The accident happened at the public crossing and the view is open on both sides.

Frank was killed instantly, his head being cut open. Joe's foot was cut off near the ankle. He was given prompt medical attention and taken on to San Antonio with the train. He is in a hospital and is reported as doing nicely. From what was learned, it seems that the auto struck the engine somewhere near the driving wheels. Both bodies fell near each other.—Giddings News.

ROCKDALE LOSES TO HEARNE TEAM.

Rockdale, Texas, Oct. 19.—The Rockdale Tigers were defeated in a hard fought game by the Hearne high team in Hearne today by a score of 7 to 6. The defeat eliminates the locals from the interscholastic league race.

Both teams scored in the fourth quarter and the winning point was given the winners on an off-side penalty called on the Tigers. The locals took the ball in the last two minutes of play and Blackman ran 60 yards for a touchdown but the ball was brought back on account of the runner stepping out of bounds. They then carried the ball to the Hearne 15 yard line where they held it on a first down when the game ended.

After observing numerous cars struggling with the deep mud on North Ackerman street for several hours Wednesday morning, B. Ashby, manager of the Rockdale Motor Car Co., decided to do something. Calling for a volunteer assistant Eddie Backhaus responded, and without further ado the two began soliciting funds to be used in graveled Ackerman street out to the city limits on the Cameron road. As usual, Rockdale business interests responded liberally, and up to last night \$645 had been pledged for the work. The Reporter is not informed as to the plan to be followed, but will give more details of this important move in our next issue. No more important work could be undertaken. What is the use in having good roads if vehicles are to bog down after getting to town?—Rockdale Reporter.

Judge Jeff T. Kemp of Cameron was here on official business Friday morning. Judge Kemp came over to see Mrs. Nancy Large, mother of Mrs. S. G. Locklin, who has made application for a pension under the state law pensioning widows of Confederate soldiers, her husband having served in the southern army during the Civil War. The law requires applicants for pensions to appear before the County Judge of the county of her residence but due to her feeble

health Judge Kemp decided to visit her here rather than have her undertake a trip to Cameron. "The mountain would not come to Hahomet so Mahomet went to the mountain," Judge Kemp says.—Thorndale Champion.

POSEY-BRETT.

News of the marriage of Willis Brett to Mrs. Leona Isabelle Posey, of Cameron, on Sunday morning, Oct. 7th, came as a complete surprise to his many friends in Rockdale. Judge J. M. Ralston performed the ceremony. The happy pair motored immediately to Rockdale for a visit with the groom's mother and sister, Mrs. Josephine Brett and Miss Maye Brett.

The bride is not known here, but his friends feel certain that Willis has made a wise and congenial choice.

Mr. and Mrs. Brett will continue to live in Cameron where the groom is employed by the Chambers Hefley Motor Company, the bride being an employee of the Telephone Exchange.

The groom is a native Rockdalian, son of the late John and Mrs. Josephine Millican Brett, and grandson of first residents of Rockdale, Mr. and Mrs. Willie Millican, who with two brothers founded the town of Millican, Texas, then the terminus of the Central Railroad.

The Reporter unites with others in extending congratulations and well wishes for a long and useful life.—Rockdale Reporter.

THORNDALE HAD THREE WINNERS.

The Champion was in error last week when it stated that only one exhibit from Thorndale was given a prize at the State Exposition held at Austin a few days ago. There were three, as follows:

Mrs. A. E. Bartosh received a blue ribbon as a reward for first prize on a Buffet Set; Miss Pauline Savary received \$2 prize and a red ribbon on her hand painted water pitcher and Mrs. F. J. Clement of Salty received \$2 and a red and blue ribbon on each of two exhibits she furnished of canned vegetables and fruit; while Mrs. Arnold Moerbe received a number of highly complimentary references to her exhibit of fancy work. All exhibits and while there were only four from Thorndale who sent exhibits to

the Austin fair we consider Thorndale made a good showing.

Miss Emma Sailer, who had more or less charge of the exhibits from Thorndale stated to a Champion representative that all exhibits were returned to the owners in first class condition.—Thorndale Champion.

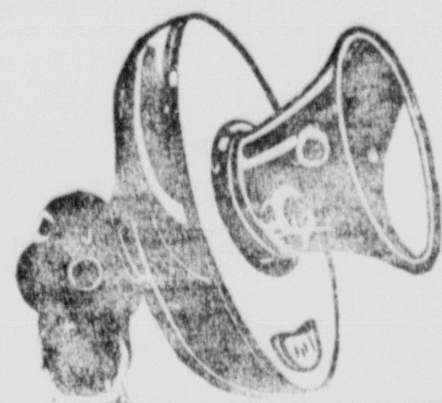

Several wagon loads of six inch oil well casing belonging to Mr. Fritz Fuchs of Thrall passed through Thorndale the first of the week en route to Rockdale where Mr. Fuchs is preparing to develop his holdings of about 100 acres near the city limits of Rockdale. His first location we understand will be within a quarter of a mile of the city limits and near the public school building. Associated with Mr. Fuchs are F. L. Dillard formerly of Bartlett and G. B. Ledwell of Minerva.—Thorndale Champion.

W. E. Peel of Milano was a business visitor in Thorndale on Monday. While here he conferred with Commissioner H. M. Moore concerning the vacancy in the office of Justice of the peace in his precinct by the contemplated resignation of the present incumbent who was elected at the November election and who wishes to resign at an early date. Mr. Peel's friends have urged him to take the office and he is willing to fill the unexpired term by appointment. Mr. Peel is one of the oldest peace officers in point of years served in the county and his record is good from start to finish.—Thorndale Champion.

Miss Jessie Mell Luckey and Miss Ruth Allcorn returned from Baylor

College at Belton last week where they had entered for the fall and winter term but later changed their minds and returned home. Miss Jessie Mell will go to Bishop with her parents, Mr. and Mrs. W. F. Luckey, who expect to move to that place the last of the present week. Mrs. Luckey will engage in the Millinery business and Mr. Luckey has bought a blacksmith shop and will take charge of that upon his arrival in Bishop.—Thorndale Champion.

Mr. and Mrs. Floyd Goff arrived in Thorndale Saturday afternoon for a visit here with their parents, Mr. and Mrs. John Goff and Mr. and Mrs. J. W. Hyde, before going to Cameron where Mr. Goff has accepted a position as head man at the Palace of Sweets in that city. Mr. Goff has resigned his position at Rockdale where he and Mrs. Goff have made their home for the past several months, and is planning to move to Cameron the first of this week. Their many friends here rejoice with them in the good fortune which has smiled upon them through this promotion and better salary his new position gives Mr. Goff.—Thorndale Champion.

CAMERON LOSES HEAVILY
IN COTTON PALACE GAMEWACO HIGH SCHOOL TEAM DE-
FEATS LOCALS BY SCORE
OF 52 TO 0 SATURDAY.

(Waco Times-Herald)

Coach Paul Tyson's galloping Tigers raced to another victory Friday afternoon when they defeated the Cameron High school team by the score of 52 to 0. It took the Tigers all of the first quarter to get warmed up, but they opened the second period of the game with a little more zip and put over three touchdowns in that brief space.

While the visitors were game fighters, never giving up until the final whistle blew, they were outclassed in every phase of the game and could not stop the lightning like dashes of Groves, Washam and Naylor. Washam staged one of the prettiest runs of the game when he ran through the entire Cameron team for a touchdown near the end of the game, but was called back by the referee. Waco was penalized 15 yards for clipping.

The Tigers' backfield looked much better in this game than they did against the S. U. Scrubs last week. They made 22 first downs, while the visitors made one first down. It was the first time this year that a first down has been registered against the Tigers and it came when a Cameron player picked up one of his team mates' fumbles and ran 15 yards.

Kelley was making one sensational run after another until he injured his knee and was removed from the game. The injury was only slight but he was not needed and Tyson took him out rather than risk further chances.

Probably the outstanding star in the backfield was Melvin Groves. This lad has come from the rank and file of the Tiger subs to put terror into the hearts of all high school tackles. They tackle at Groves but he doesn't seem to be where they tackle. His sidestep is remarkable.

Washam and Naylor is the backfield were almost as brilliant as Groves. They were all stars and to pick the individual stars of a game like that is nothing short of murder.

In the line Alexander, Tiger right end, is one man who deserves some special mention. Making his first appearance for the Tigers Friday afternoon, Alexander proved that he knows his stuff. He intercepted three of Cameron's passes, got tackle after tackle, picked up a fumble and ran for a touchdown, cut his men down nearly every time and several other things of less importance. These are only a few things Alexander did to make himself conspicuous in Tyson's lineup.

If Kidneys Act
Bad Take Salts

Says Backache Often Means You
Have Not Been Drinking
Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

also played good foot ball as did Captain Boody Johnson, who was allowed to play almost half the game at an end position. Boody was sent to take his man out every time and he "snaked" a pretty pass that netted the Tigers 30 yards.

Young and Childress were the best players the Cameron club had to offer. Young got off several nice punts while the defensive work of Childress stood out. They fought gamely the first quarter but had to give in to the fast driving backs and charging Waco line.

After a scoreless fight in the first quarter the locals settled down and runs by Kelly and Naylor put the ball in striking distance and Naylor carried it over. Kelly hurt—Washam goes in for Kelly. Washam failed to kick goal. The second counter came after Washam and Groves advanced the ball to the visitors' 2 yard line on end runs and off tackle plays. Washam carried it over. Johnson went in for Wood and Slade for P. Naylor. Johnson kicks goal. Naylor's 20 yard sprint, a pass, Ish to Johnson for 25 yards and Groves' 35 yard run around left end gave the Tigers another touchdown. Johnson missed goal. Half line, in Waco's possession. Score: Waco 19, Cameron 0.

The last two periods were turned into a race track by the Tigers and when the final whistle blew they had run up a total of 52 points. The Tigers are getting better and better and they look like a championship team.

Cameron—Garner le, Flinn lt, Ed. Thompson lg, Cheeves c, Boykin rg, Graham rt, Posey re, Fountain lb, Young fb, Childress rh, Hefley (c) qb.

Waco—Frank Wood le, Harrell lt, Taylor lg, Naylor c, McCullough rt, Brandon rt, Alexander re, Kelly lb, Naylor fb, Groves rh, Ish qb.

First downs: Waco 22, Cameron 1.

Passing statistics: Waco intercepted 8 passes, 2 complete, 5 incomplete and 1 intercepted. Cameron attempted 13 passes, 2 complete, 3 intercepted and 8 incomplete. Field goals: Waco missed 1, Cameron missed 3. Punts: Waco punted 5 times for an average of 34 yards; Cameron punted 12 times for an average of 36 yards. Penalties: Waco 20 yards, Cameron 15 yards. Touchdowns: Naylor 1, Washam 2, Groves 2, Ish 2, and Alexander 1. Goals after touchdowns: Washam made 1 and missed 1, Johnson made

1 and missed 1, Ish missed 1, Naylor made 3 and missed 1.

RENEWED TESTIMONY

No one in Cameron who suffers backache, headaches, or distressing urinary ills can afford to ignore this Cameron man's twice-told story. It is confirmed testimony that no Cameron resident can doubt.

M. W. Mitchell, retired farmer, 503 E. Fifteenth St., says: "My kidneys were out of order and I had a weakness across my back and loins. The kidney secretions annoyed me by their irregular passage, at times being too free and then again, scanty. Very often the kidney secretions contained a brick-dust-like sediment. A friend recommended Doan's Kidney Pills and I used them. Doan's soon relieved me of all symptoms of kidney complaint."

Over Four Years Later, Mr. Mitchell added: "I feel just as kind toward Doan's Kidney Pills now as when I endorsed them before. Doan's are my standard remedy for kidney complaint."

Educational Advantages Of Good Roads

BY JOE B. PRESTON, M. A., PRINCIPAL YOE HIGH SCHOOL, CAMERON, TEXAS.

(NOTE—The following splendid article is taken from the current issue of the Highway Bulletin and written by Joe B. Preston, principal of the Yoe High School.)

Although there are many definitions for the word "education," there is, as a rule, no misunderstanding of the term "good roads." When we speak of education, to one group of people it may mean one thing, and to another group it may mean something quite different; but when we speak of good roads, whether we refer to graveled or graded dirt roads, or to those macadamized or laid with asphalt, the term has a well understood meaning. We, therefore, do not need to interpret the term "good roads," but the term "education" requires some consideration and explanation.

In this article we give as the definition for education the two words "self betterment," which mean that the individual improves, physically, mentally, and morally, and thus becomes a better citizen. For a person to be highly educated, it is really not necessary for him ever to have seen a school house of any kind, though this is rarely possible in the United States. Surely no one will try to argue that Abraham Lincoln was not educated, yet his education did not come from school of college, but from the fields in which he labored, the highways along which he travelled, and the people and the books which he constantly studied. What we need to remind ourselves of is that an education may be obtained in a log cabin, and along highways and by ways, as well as in the school rooms of the world.

The highways of ancient Egypt and Babylonia were built principally to gratify the personal pride and promote the selfish interests of the rulers of those nations. Rome built her great system of magnificent roads in order that her soldiers might travel quickly to and fro, and thus hold in subjection the various nations and tribes which were conquered; Napoleon built his wonderful highways for the purpose of making France greater, thereby enhancing his own imperial power and prestige; but when the farmers of America who are this nation's true rulers, vote to tax themselves for the building of roads, they do so not merely for financial advantages, but also for the sake of the social and educational advantages which thereby come to them and their families.

In general, the kinds of educational advantages offered by good roads are three. (1) Children from rural districts and small communities are enabled to attend school in the cities or at a consolidated country school; (2) the farmer and his family, and the people of outlying communities, are enabled to drive to the cities often for worship, and for various social and educational functions; and (3) the building of good roads enables even the poorest families to do at least some traveling, and thus to obtain, in the easiest, most economical and most entertaining way a certain kind and degree of education.

Undoubtedly, two things of a material character which our government, both state and national, should assiduously look after, are the schools and the roads. Our advancing civilization, and our prosperity in the future, depend to a great extent upon these two. Properly developed, they mean the success of our form of government and the steady and growing prosperity of our nation.

Last year there were 249 students in Yoe High School, at Cameron, Texas. This year 290 registered during the first week, and it is certain that the near future will see the enrollment pass the 300 mark by a good margin.

What has made possible this increase in attendance? Possibly some new families in the town, but mainly, good roads. Ten students who have completed the entire course offered in the school at Milano, are coming to Cameron this year, traveling the 16 miles to and fro every day in a bus. Many others travel distances of from 5 to 15 miles twice every day, coming from Ben Arnold, Jones Prairie and other places to attend school in Cameron. Good roads and the automobile make this possible, thus over a half hundred students in this section are enabled to live at home and get educational advantages higher than those to be had in their own communities.

What is happening in Cameron is but an example of what is taking place in hundreds of other communities not only in Texas, but over all the state. Regular school cars, carrying from 25 to 50 children each, go around in numbers of places to carry children to consolidated schools.

Farmers are enabled to bring their families to town to church services, to good theatres, to the Public Library, the Lecture Hall, the Museum, the Park, the Zoological and Botanical Gardens and other places which offer not only entertainment, but useful knowledge as well. When great musicians and orators appear in the cities as they often do, good roads make it possible for country people to hear them, even in stormy and rainy weather. Thus the finest art is brought within reach of all.

The proper place to acquire book knowledge is in the school room, but if that has been denied a person, the handicap may be largely overcome by home study. The finishing touches to either course can be added by travel. It has long been recognized that travel affords one of the most effective means of education, especially to those who travel with eyes and ears open; and good roads, together with low priced automobiles make this form of education accessible to many even of the poorest. Some cynically inclined persons may suggest that if one travels over good roads, he will not get very far, the inference being that although there may be some good roads, the majority of them are bad. This may be true, still there are enough good roads, and roads that are passable, to attract many travellers to far distant places and it is certain that each year in the future will see thousands of miles of good roads added to those already in use. Just how does travel educate? Many will not need to have that question answered; they know that history can be learned in no better way than by first hand study of historical places; they know that in travel, geography and geology are offered to the student in the greatest of all laboratories and that the same is true to a certain degree of economics, civics and sociology. In fact, every subject is open for study to the man who travels, but the greatest educational value of travel is found in its general broadening influence. A person leaves the narrow confines of his own community and rubs shoulders with other parts of the world; and rubbing as rule, if rightly directed, polishes brightly. The man who travels and sees and hears, and wishes to learn, cannot help but do so. That statement is

male advisedly for it is a fact that many people start overland for some distant place and altho presumably on a touring trip neither see, hear nor learn anything of value while passing through a veritable mine of knowledge.

People who have studied the tourist as he crosses the nation, inform us that many come within a few miles of Grand Canyon and pass by without so much as a casual glance in the direction of one of the wonders of the world. Others come near the Yellowstone national Park and other points of exceptional interest without seeming to realize that those places exist, or that a world of pleasure and knowledge awaits them there. There are many native Texans who travel to the city of Houston and forget that near it is the sacred battlefield of San Jacinto. Just as there are drones and non-studious pupils in school so are there men and women who should be students of life and nature who nevertheless pass along the highways without seeing magnificent and inspiring sights; without stopping to study the places of interest along the way.

Yet observation seems to show that the majority of Americans are intensely interested in the people and places which they visit and as a result of the good roads which we find over the nation their education is continuing all the time.

Our form of government is dependent for its success on the education of the masses, and "good roads" open up the avenue to true education in every form; let us work and continually strive for "good roads."

There is nothing that will cure a reckless driver like thirty days observation of the sun through a barred window.—The National Highways.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING: You are hereby commanded to summon Louis Alexander by making

publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the courthouse thereof in Cameron, on the 12th day of November, 1923, the same being the Second Monday in November, 1923, then and there to answer a petition filed in said court on the 16th day of December, 1919, in a suit, numbered on the docket of said court No. 8098, wherein Winnie Alexander is plaintiff and Louis Alexander is defendant said petition alleging: Suit for divorce on the statutory ground of three years abandonment, and for custody of their six children, Nora, Lillis, Sherman, Vernell, Druell and Fannie Belle Alexander, and for costs of suit and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 8th day of October, A. D. 1923.

PENN WOLF, Clerk of the District Court, Milam County, Texas. 24-3t

Excello Weed and Timber Killer

KILLS ALL TREES, SPROUTS AND NOXIOUS PLANTS

It is a concentrated chemical in liquid form, for clearing the farm of all wild onions, garlic, wild rhubarb, Canadian thistle, morning glory vines, Johnson and Bermuda grass and other noxious weeds. The Exello Timber and Weed Killer is unequalled and excels any imitation on the market. It is a salvation to the farmer whose land is infested with these pests of vegetation.

In permanently destroying dandelion, platan and other pest plants on lawns, caution should be used in applying Exello Timber and Weed Killer, so as not to kill lawn grasses surrounding them. It only requires a few drops applied directly to the center of these plants. We manufacture a specially designed sprayer or dropper, that we recommend to be used in exterminating such plants that affords a protection to the lawn grasses.

Driveways in parks and in cemeteries are kept clean of weeds by spraying with an ordinary sprayer or sprinkler. Weeds on vacant lots can be quickly and economically destroyed by spraying, and is far cheaper and more efficient than mowing.

One application of this liquid is sufficient for the season. Directions on the container.

A Car of Greater Utility

Thoroughly representative of the 1924 Buicks, this four-cylinder, five passenger Touring Car is new from end to end. Its new body, frame, fenders and radiator—its new Buick valve-in-head engine—its four-wheel brakes, all exemplify Buick's policy of building into its cars greater utility and satisfaction with each succeeding year.

The minute attention to those details that make for greater comfort and convenience is well expressed in the new windshield, new ventilator operated by a push lever, wide, low and tilted seats and compactly grouped instruments. This Buick four-cylinder Touring Car worthily maintains the Buick reputation—Standard of Comparison.

"When Better Cars are Built Buick will Build Them."

NEFF LOOKS HORNS WITH WETS AT PROHI MEETING

WINS FIGHT AT CONFERENCE OF GOVERNORS FOR ENFORCEMENT OF LAWS.

West Baden, Ind., Oct. 19.—Scraping a conference tradition of fifteen years' standing, a majority of America's fifty-two State and territorial Governors took their first record vote of history Friday in unanimously passing a resolution endorsing national prohibition and pledging President Coolidge "our fullest co-operation" in the enforcement of the Volstead act. The action came as the climax of a three-hour session of fiery debate, parliamentary tangles, and perplexing maneuvering, in which three Governors fought throughout to block the vote.

Friday night the executives were en route to Washington to lay their statement before President Coolidge at a luncheon conference on Saturday.

On a viva voce vote, in which no opposing voice reached the chairman or official reporters, the resolution was formally reported as "unanimously adopted."

With this ruling by Gov. Percival P. Baxter of Maine, presiding, the prohibition question, which was thrust into the conference, at the opening session Wednesday by Gov. C. A. Hardee of Florida in his response to the address of welcome was disposed of at the final session of the conference.

The adoption of the resolution was followed by the formal resignation of Gov. John M. Parker of Louisiana from the conference. The Louisiana chief declared at the opening of debate that a vote on the resolution would call for his immediate resignation and as the din of years greeted the session he walked from the room. He was a member of the Washington party, however, when the train began its journey. He would attend the President's conference Saturday, he declared.

After much stormy debate joined in by Geo. J. J. Blaine of Wisconsin, and Pat M. Neff of Texas, and with the Sweet memories still pending, Gov. George S. Silzer of New York introduced a resolution declaring the Federal enforcement organization ineffective in its operations, and that "we believe there can be no real enforcement" as long as present conditions exist.

Gov. Neff immediately moved it be tabled, seconded by Gov. Walker of Ga., the motion to table was put to a roll call and passed, 25 to 2. Louisiana and New Jersey voted no.

When the conference met Friday Gov. P. P. Baxter of Maine called for unfinished business and Gov. Wm. E. Sweet of Colorado declared the redraft of the memorial on the prohibition question to be presented to President Coolidge at the luncheon conference in Washington Saturday was ready for the signatures of the Governors.

Gov. J. J. Blaine of Wisconsin was on his feet instantly with objections to the signing of the memorial, declaring that "the round robin is an unfair evasion of our rule against resolutions." He urged a discussion of methods for enforcing the Volstead act instead of proclaiming from the house-tops that we are virtuous men and good Governors.

"I am opposed to the eighteenth amendment and the Volstead act, and the people of Wisconsin know it," declared Gov. Blaine, "but there is no criticism of the enforcement of the laws in our State. If we are meeting here to memorialize on the enforcement of laws we should neglect none. This fanaticism is base hypocrisy."

Gov. John M. Parker of Louisiana declared he would resign from the conference of Governors if a single name were attached to the memorial. "The Ku Klux Klan is the greatest issue in America today," he declared, "and that question demands the time and attention of this meeting instead of mere words on the eighteenth amendment."

"I have declared martial law twenty times in various parts of Texas to insure law enforcement," asserted Pat M. Neff, Governor of the Lone Star State, "and if forty-seven Governors refuse to sign this memorial it still will go to the national capital with the signature of the largest unit of this Republic. President Coolidge has invited the Governors to Washington to discuss prohibition enforcement and not the Klan, and we therefore should confine ourselves to the purpose of the meeting."

"Let this conference proclaim to every bootlegger and every distiller in this country that this law will be enforced. And let us proclaim to the enemies of the Constitution that never more will America look upon the blight of civilization and the curse of

humanity since time began—the liquor traffic.

"This is not a consideration of the merits of prohibition. That question was settled by the voice of 100,000,000 people and it is settled forever. No State, be it New York or Wisconsin, has the right to encourage the enemies of the Federal Constitution."

Gov. Parker interrupted the Texas Governor with the statement that "the Ku Klux Klan was seeking to take charge of the Constitution," and Gov. Blaine rose to a point of order to challenge Gov. Neff on his statement regarding "encouraging enemies of the Constitution."

With several Governors clamoring for the floor Gov. Baxter restored order only by vigorous pounding with the gavel.

Leaning over Gov. Neff's chair and shaking his finger at him, Gov. Blaine asked: "Will the Governor please answer the question whether enforcement law is in proclamations or in actions?"

"We must show the outlaws that first there is the will of public officers to enforce the law," shouted Governor Neff, "and second, we must put them on the rock piles of our State penitentiaries to consider their ways."

Gov. Geo. S. Silzer of New Jersey joined the debate with the statement that "New Jersey is no wetter than any other State."

"We are in favor of law enforcement," he continued, "but the will to enforce the law was not the end of the question in New Jersey."

The scheduled order of business called for an address on "Water Power Development," by Gov. Gifford Pinchot of Pennsylvania, and one by Governor Blaine on "Railroad Valuation."

The text of the resolution, which is in the form of a memorial to President Coolidge, follows:

"Observance of law is the fundamental basis of American citizenship, and enforcement of law is the primary duty of every official.

"National prohibition is now, by constitutional amendment, the law of our land. An overwhelming majority of the citizenship of the United States are law-abiding and desirous of the enforcement of law.

"The national Government alone has control of the manufacture of intoxicants and has a very special obligation to perform in prohibiting the importation into this country of wines and spirituous liquors contrary to the laws of the United States. The individual States are powerless to act in these respects, therefore the National Government should exercise its full power and authority in dealing with these questions.

"We believe that chief executives of every State should be zealous in the enforcement of the prohibition law and should urge upon every State official a strict observance and enforcement of the same.

"We believe that the State and Federal officers should co-operate fully in preventing the violation of our prohibition law and in making effective the will of our people in regard to its enforcement. New conditions impose new responsibilities. People who violate one law will the more readily be guilty of violating other laws.

"Therefore, the individual States should share with the Federal Government the duty and responsibility of enforcing the eighteenth amendment.

"We pledge you, as Governors, our fullest co-operation and effort."

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Cibetina) can be taken by anyone without causing nervousness or ringing in the head. E.W. GROVE'S signature on box. 30c

LADY WAS IN A BAD FIX FROM NERVOUS INDIGESTION

Biloxi, Miss.—"I had, for a year or more, nervous indigestion, or some form of stomach trouble," says Mrs. Alonzo Ford, 1117 Clay Street, this city. "The water I drank at that time seemed to constipate me. I would suffer until I got so nervous I wanted to get down on the floor and roll. I felt like I could tear my clothes.

"Every night, and night after night, I had to take something for a laxative, and it had to be kept up nightly. My side would pain. I looked awful. My skin was sallow and seemed spotted. I would look at my hands and arms, and the flesh looked lifeless.

"I happened to get a Birthday Almanac, so I told my husband I would try the Black-Draught, which I did. I took a few big doses. I felt much better. My liver acted well. I made a good, warm tea and drank it that way. Soon I found

PEDDY FORCES WIN THE COURT ACTION.

Amarillo, Oct. 19.—Election officials of Texas are enjoined from destroying or interfering with ballots of the general election of last November in a restraining order granted here late today by Federal Judge James C. Wilson. The election was marked last Fall by the senatorial contest between Earle B. Mayfield and George E. B. Paddy which was taken to the courts at that time.

The order was granted on petition filed by Luther Nichols, attorney of Dallas in behalf of Paddy, which also asked the court to appoint receivers in all counties of the state to take possession of the ballot boxes and all election records. A hearing on this clause of the petition was ordered set for 10 a. m. Oct. 30, at Amarillo.

Paddy was unsuccessful in the election for United States Senator from Texas and a contest against the election of Mayfield was filed later in the Senate by representatives of Paddy.

that nervous, tight feeling was going, as was the pain in my side. I found I did not have to take it every night. Soon, after a few weeks, I could leave it off for a week or so, and I did not suffer with constipation. . . I gained flesh. I have a good color, and believe it was a stubborn liver, and that Black-Draught did the work.

"I went to my mother's (Mrs. Deeters) one day, and she wasn't well at all. . . I told her we'd try Black-Draught. We did, and now she keeps it to take after eating. It certainly helped her, and we neither will be without it in our homes. It is so simple, and the dose can be regulated as the case may be. We use small doses after meals for indigestion, and larger doses for headache or bad liver."

Thedford's Black-Draught liver medicine is for sale everywhere.

VALUE OF GOOD TEACHING IS OUTLINED IN ADDRESS

RESULT OF POOR TEACHING REFLECTED IN LIVES OF PUPILS SAYS LAYMAN.

(By J. O. HUGHES.)

The old adage, "As the teacher is, so is the school" is just as true today as it was when it was uttered. The influence and importance of the office of an instructor of youth cannot be easily over estimated, and he who attempts to fill it should well consider the immense responsibilities that rest upon him.

No one would attempt to make a piece of machinery without some knowledge of the work to be done. An error might result in rendering the work valueless for months. No one would attempt to build a dwelling without a knowledge of the principles of architecture and carpentry. No sane man would attempt to assume command of a ship without a knowledge of navigation and of steamship. A slight error in calculation might result in the loss of thousands of dollars worth of property and the destruction of human lives.

If the work of him who polishes precious stones and jewels is important, then how much more important is the work of him who trains and educates the imperishable minds of the young?

Poor teaching results first of all in lack of interest and enthusiasm on the part of the teacher and the taught and causes a drag in the work. Some one has said that the mind of the teacher should be a fountain and not a reservoir. That his knowledge should gush up of its own accord and not have to be drawn up by a windlass.

Poor teaching fails to reach the individual and give him an inspiration and vision and results in lack of definite information. This may be illustrated by the following little story. The teacher asked, "Who fiddled while Rome burned?" A boy raised his hand and said, "Hector." "No," said the teacher, not Hector, "Towser" said the boy. "Towser," what do you mean?—It was Nero. "Well, said the boy, I knew it was some body with a dog's name."

Poor teaching results in a formal, or stereotyped method of teaching which the child regards with as much hatred as he has admiration for a versatile method. But let me say here that it matters not what method you use, if you drive the lesson home to the heart of the individual.

Poor teaching results in poor discipline and ultimate failure. If the general discipline of the class is poor, the fault is not with the children, but evidently there is something wrong with the teacher.

Many a noble man has owed his greatness to the prayers of a mother, or the kind advice of a father, or to a faithful teacher's words. And many a man of sin and crime has traced his character to some unwise counsel, or some neglect or unwise counsel in his youth.

If, then, the teacher's influence is so important, "Well may he tremble when he prays for some kind spirit to guide his ways."

To require perfection in a teacher would be to demand more than has ever been attained by any other person. Should we reach our present idea of perfection, a higher standard would be revealed to us and we would be as far as ever from our mark.

A little German fable may illustrate this. "A child was playing in an open field. A star rose over the hill top. The child gazed at it with pleased and longing eyes. "How beautiful it is!" he exclaimed. "It is just on the hill top, I will run and catch it and have it for my own." With eager delight he started in pursuit and climbed the hill before him. But the star was not there. It now seemed to rest on the mountain top beyond. Nothing daunted, the child pressed on. His course led him over fields of roses and hedges of thorns. At length he reached the mountain top, but the star was not there. It was further than at first and seemed to be climbing the distant heavens. The child had become a man: the object of his pursuit had not been gained. It had descended as he advanced. But his course had been onward and upward.

And so it is with the teacher, he should place his standard high and should ever be rising and approximating the mark of his high calling.

TWENTY-EIGHT YEARS AGO

(From the file of the Herald)

On Wednesday afternoon of last week at about 6 o'clock the Mission Route north bound passenger killed "Uncle" Red Allen at a road crossing a few hundred yards north of the depot in Cameron. Uncle Red, as he was familiarly called, was an old colored man who for years worked as janitor at the court house, and was a faithful old soul. He was held in high esteem by the white people of Cameron, and they prepared, by subscription, a decent funeral for him. Capt. John B. Wolf, taking up the collection for that purpose. He must have been nearly a hundred years of age, and was quite feeble.

Little Percy, son of Mr. and Mrs. G. B. Tracy, was quite sick last week.

The Knights of Pythias Lecture Bureau of Cameron has secured some excellent attractions for the season and will sandwich more as opportunity offers. The following dates have already been made: Nov. 20, Bob Burdette, the funny Burlington Hawkeye man, will make his first appearance before a Cameron audience.

On Dec. 4, Polk Miller will appear here in his matchless negro dialect.

On Jan. 13, the Rev. Thomas Dixon, one of the most accomplished orators on the American platform, will pay us a visit for the second time.

Up to yesterday afternoon the cotton receipts at the three Cameron yards aggregated 5331 bales. Prices ranged from 8 1-3 to 8 1-2 cents.

Mr. and Mrs. Arthur Baskin accompanied by their daughters, Misses Anna Lou and Rosalie, spent Sunday in Bryan with their son, Ben Baskin and wife.

The showing last year at this date was as follows:

Receipts, 6952 bales; prices 4 3-4 to 5 1-4.

The apple crop this year was enormous, and that fruit has sold in Texas this season at less than two dollars a barrel at retail.

Attorney Eugene Wallace of Rockdale was in our city this week on legal business.

Rev. and Mrs. James Peeler returned Monday from a few days stay near Milano where they attended a protracted meeting.

Judge Spencer Ford of Bryan paid Cameron a visit last week.

We visited Rockdale last week and noticed many improvements being made. The city hall is nearing completion. Judge Perry, C. H. Coffield and others are putting up handsome residences.

Those well posted in regard to cotton think that Cameron will reach 12,000 bales this season. This will be quite a tumble but will bring more money than the crop last year.

Walking around the town and noticing the business of every one, we found Drs. Smith and Jones with four covered wagons and three buggies standing at their office. We stood there and saw eight patients come out of their office. They are certainly curing the people for they come from various parts of the county, so we are informed.

Miss Anna Lou Baskin returned to Georgetown Monday to continue her studies in Southwestern University after a short visit home with her parents, Mr. and Mrs. A. H. Baskin.

BUCKHOLTS NEWS.

Joe Tebestik of Temple was the guest of Mr. and Mrs. Kadlecck Sunday.

Mr. and Mrs. John Kubecka of Bell county were the week end guests of Mr. and Mrs. Conrad Jakes.

Mr. and Mrs. A. E. Michum of Jasper have moved into our city to make their home. We are glad indeed to have them.

Our Pastor, Rev. Williamson and wife of Fort Worth are with us this week teaching classes in W. M. U. and Sunday School work.

Mrs. Sam Mewhinney, Mrs. R. R. Dahney and Mrs. S. M. Corley were shopping in Cameron last week.

Mrs. J. Z. Young has been called to Branchville on account of the serious illness of her father.

Ben Oliver who is attending school at Baylor spent the week end with home folks.

Mr. and Mrs. Sam Mewhinney are in Dallas attending the fair.

Willie Fisher and family are moving to Coleman to make their future home.

Joe Slovak and family are leaving Tuesday for California where they expect to make their home.

On last Wednesday night Mr. and Mrs. Tom Zajicek gave a supper in honor of their daughter, Mr. and Mrs. Anton Hamusek who left for California where they will make their home. Those present were: Mr. and Mrs. Jim Petrucek, Miss Annie Hamusek of Temple, Mr. and Mrs. Joe Zajicek and family, Frank Zajicek and family, John Kuzell and family, Joe Havlik, John Kuzell and family, Tom Kuzell, Will Kuzell and family, Mr. and Mrs. Louis Able, Joe Slovacek and family, John Kadlecck and family. The table was extended and 67 were seated around it. A most delicious supper was served and all report a most delightful time.

NEFF LOCKS HORNS WITH
WETS AT PROHI MEETINGWINS FIGHT AT CONFERENCE
OF GOVERNORS FOR EN-
FORCEMENT OF LAWS.

West Baden, Ind., Oct. 19.—Scrapping a conference tradition of fifteen years' standing, a majority of America's fifty-two State and territorial Governors took their first record vote of history Friday in unanimously passing a resolution endorsing national prohibition and pledging President Coolidge to enforce it.

Mr. Diehl was here some fifteen years ago and was with the George A. Thomas & Sons Drug Store. He has many warm friends here who were glad to greet him on this occasion and to hear what he had to say along the lines of modern day business methods.

The talk by Mr. Diehl was thoroughly applauded by the business men who were visibly impressed with his ideas of modern business service as rendered by the merchant who is abreast of the times. Salesmanship in modern application must carry with it that service which makes for better business and bigger profits.

The speaker emphasized the importance of study in business and urged the necessity for business men in every line of industry to make themselves prepared by study.

Patronage of home industry was stressed by Mr. Diehl as the best way to preserve the town and to improve its resources. This declaration was applauded by the members.

It was announced by Mr. Avriett, member of the civic improvement committee that T. S. Henderson, Jr., chairman, was planning to make a canvass of the city with the view of getting the business men to install lights at their places of business and in this way make the town a better lighted city. This report will likely be made at the next regular meeting.

Dr. James Watson, chairman of the entertainment committee was asked to extend the services of the club to the Methodist church in its entertainment of the delegates to the coming Methodist Texas Conference which convenes on November 20.

The matter of representation for Cameron in the coming Cotton Palace Parade was referred to W. M. Cobb as chairman of the committee on publicity.

The club had the largest attendance of directors and members in recent months, some thirty being present. The club did not transact any business and the meeting in this respect was disappointing.

Secretary Paul Webb had done active work during the week and to his efforts is attributed the fine attendance.

President Lawrence has appealed to the members of the club to formulate plans for the club work and to bring to the meetings all matters of interest so that the club may play its part in a big way in the development of the city.

NEW HUDSON AND ESSEX
MODELS ARE SHOWN HERE.

Lovers of good automobiles are very much interested in the new Hudson Coach and the Essex Coach now on display at the show rooms of the Tire Store, Horstmann Brothers, proprietors.

So far this is the first Hudson Coach to be shown in Cameron and a great deal of interest is being taken in the display. The Horstmann Brothers have sold a number of Essex cars and recently have begun to place Hudsons here.

SOUTHLAND LEADS CORN
BELT IN HOG GROWING.

Texas farmers have captured all honors in hog growing as projected by the Ton Titter Clubs of the several states for 1923. A Poland China litter of twelve pigs bred and fed by M. L. Marcom, of Leonard, Texas, weighed officially 3,542 pounds on the 180th day after farrowing, which is 502 pounds above the record weight held by an Indi-

humanity since time began—the liquor traffic.

"This is not a consideration of the merits of prohibition. That question was settled by the voice of 100,000,000 people and it is settled forever. No State, be it New York or Wisconsin, has the right to encourage the enemies of the Federal Constitution," Gov. Parker interrupted the Texas Governor with the statement that "the Ku Klux Klan was seeking to take charge of the Constitution," and Gov. Blaine rose to a point of order to challenge Gov. Neff on his statement regarding "encouraging enemies of the Constitution."

With several Governors clamoring for the repeal of prohibition, Canada and Sudan mixed.

The cost of the litter was as follows:

Feed for sow from breeding time	\$ 11.50
Feed for sow from farrowing to weaning time	14.90
Feed for litter from weaning to 100 days old	31.60
Feed for litter from 100 days to end of period	161.69

Total feed cost, \$219.69

The litter was sold to a local butcher for \$2.50 per cwt. above the market price at Fort Worth that day, or \$11.50 per hundred pounds, returning to Mr. Marcom a check for \$407.33 and leaving him a profit of \$187.64.

The pigs averaged 2.5 pounds per day growth from weaning time until they were 180 days old.

The sire of this litter was sired by Liberator, a boar which sired the world's champion sow of 1921, the world's champion sow and boar of 1922 and the world's champion sow of 1923. The dam is by the grand champion board of Nebraska State fair a few years ago.

AN ORDINANCE.

AN ORDINANCE requiring the yearly vaccination against rabies of all dogs owned or kept within the limits of the City of Cameron, Texas, by the owner, keeper, or caretaker of said dog; providing for the registration of the time of vaccination of each dog by the Sanitary Officer of the City of Cameron, and the furnishing of a tag for each dog indicating such vaccination and date thereof; providing for fees for such vaccination and registration and tag; providing for a penalty for the violation of the provisions of this ordinance; and declaring an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS:

Section 1. That it shall hereafter be unlawful for the owner, keeper or caretaker of any dog to own, keep, or maintain any dog within the limits of the City of Cameron, Texas, for a longer period of time than 15 days, without having first having said dog vaccinated against rabies; that any owner, keeper, or caretaker

of any such dog shall fail or refuse to have such dog so vaccinated, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one hundred dollars.

Sec. 1. That it shall be the duty of the Sanitary Officer of the City of Cameron, to vaccinate against rabies all dogs at the request of the owner, keeper, or caretaker thereof, upon the payment by said owner, keeper, or caretaker of a fee of \$2.50, and to deliver to said owner, keeper, or caretaker a suitable tag showing the name of the owner, keeper or caretaker, name of the dog and the date of the vaccination, said tag to be suspended from the neck of said dog. It shall further be the duty of said Sanitary Officer to keep in a record book, well-bound and strong, a record of the names of the owners, keepers and caretakers of all dogs vaccinated, the names of said dogs, the dates of vaccination, and the fees charged. Provided, however, that if the owner, keeper or caretaker of any dog shall refuse to comply with the provisions of this ordinance the Sanitary Officer shall take up the dog, vaccinate same and hold for a period of 13 days and, upon failure by the owner, keeper or caretaker to pay the fee then to destroy said dog.

Sec. 3. It shall be unlawful for the owner, keeper or caretaker of any dog which has been vaccinated against rabies as required under Section 1 of this ordinance, to permit said dog off any premises on which said dog is kept or maintained in the City of Cameron, Texas, without said dog having attached and suspended from its neck said tag showing the name of the owner, keeper or caretaker, name of the dog and date of vaccination; and any person violating this section of this ordinance shall be guilty of a misdemeanor, and shall, upon conviction thereof, be punished by a fine of not more than one hundred dollars.

Sec. 4. That the terms "owner, keeper or caretaker" of a dog, as used in this ordinance, shall include not only the actual owner, keeper or caretaker of a dog, or dogs, but shall include the parent, guardian, and custodian of any minor, who is permitted by said parent, guardian or custodian, to own, keep or maintain any such dog or dogs.

Sec. 5. That vaccination of any dog under this ordinance may be lawfully done by the Sanitary Officer of the City of Cameron, who shall be

a qualified veterinary surgeon, or by any other veterinary surgeon, qualified and licensed under the laws of the State of Texas to practice veterinary surgery within the State of Texas; provided that where vaccination is performed by any other than the Sanitary Officers, said veterinary so vaccinating any dog shall issue a sworn certificate to the owner, keeper or caretaker of said dog, showing owner's name, dog's name, and date of vaccination, and shall certify to the proper vaccination against rabies of said dog. Upon the presentation of said certificate to the Sanitary Officer, the name of the owner, keeper or caretaker, name of the dog, and the date of vaccination shall be entered in the Vaccination Record Book, and the date of said certificate and the veterinary issuing same shall also be entered.

Sec. 6. The fact that there is no adequate ordinance providing for the vaccination of dogs against rabies creates an emergency and a public imperative necessity that the rule requiring ordinances to be read on three separate days be and the same is hereby suspended, and that this ordinance take effect from and after its passage and legal publication and it is so ordained.

OPEN NOSTRILS! END
A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

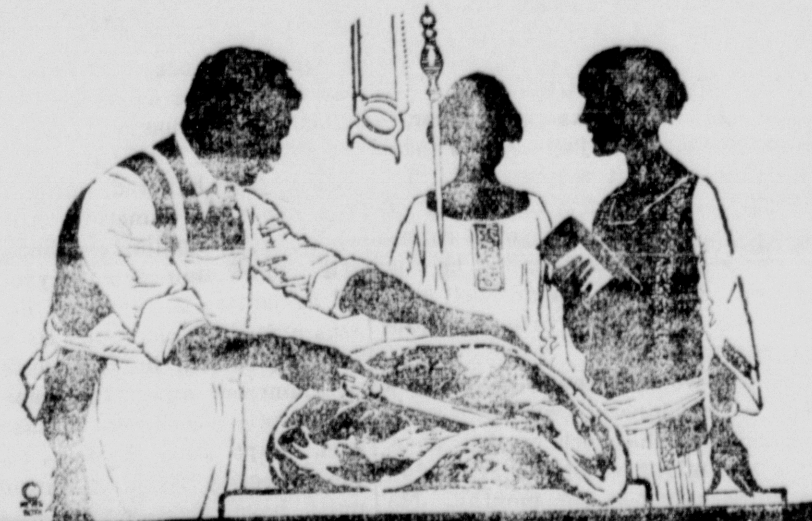

that the above and foregoing is a true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appear of record in the Minutes of Book of Ordinances of the

City of Cameron.

Given under my hand and seal of office this 16th day of October, A. D. 1923.

R. D. BROWN,

Secretary of the City of Cameron.

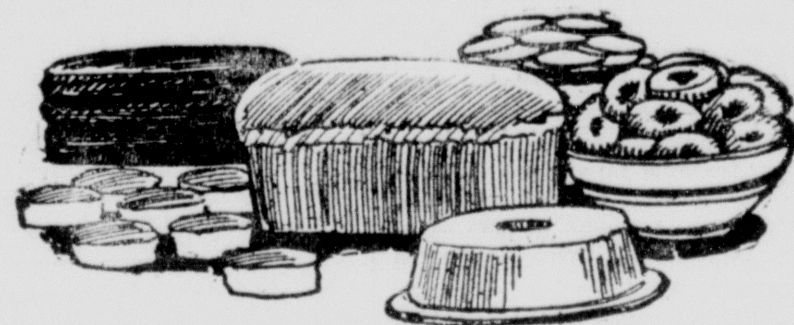

Better Meats!

Not too much waste in fat and bone—but just enough to give the most a tenderness that compares only with its flavor. They're priced right. Make our market your market.

Worcester's Market

Cameron, Texas.

Fresh Every Day

BREAD, CAKES, PIES AND PASTRIES.

Posey's Model Bakery

Cameron, Texas.

J. D. DOBBINS

The Man Who Makes the Low Prices First on Dry Goods and Groceries.

The price of Dry Goods and Grocers represents good values and true economy. You save from 10 to 20 per cent on Dry Goods and Grocers bought here. The goods are bought in large quantities and sold at a small margin of profit.

NEW DRY GOODS STORE**FALL AND WINTER BARGAINS**

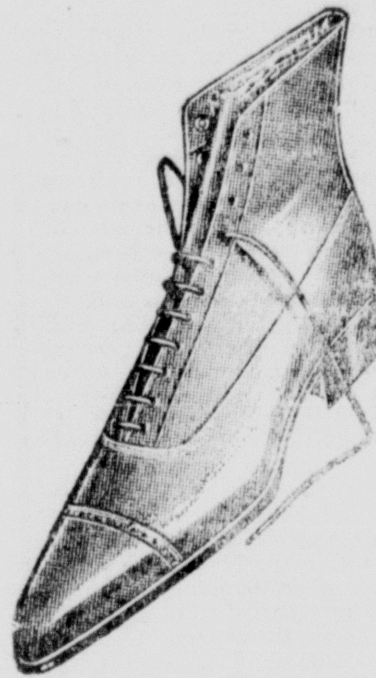

In selecting the new stock for my store the market of the East was drawn upon in gathering of the extensive garments and goods we now have. The Store's merchandising power and resourcefulness is shown in every item in the house. Lots and lots of goods are in my New Store, bought before the recent advance in market price which is a great saving to our customers. Anything in the Dry Goods line, Outings, Gingham, Percales, Silks, Taffetas, Shirting, all kinds of Dress Goods, Sweaters, Shoes, Notions. In fact anything in the Dry Goods line can be found here at a great saving. You are invited to visit my New Store and look through the different departments and see what we have to offer. **COME IN ANYTIME.**

Mr. Ernest Collins is manager of the Dry Goods store, assisted by Mrs. Susan Sloan; they will be glad to have you call on them at the New Store.

**Dry Goods**

Every piece of our Dry Goods was bought this fall and you are certain that they are new and good. Look through our line of piece goods and the price we ask for them you will see the best values you have had offered you in several seasons.
